

7 things you're missing with your current energy provider

The power solution that saves time, delivers insights and **simplifies** the resident experience.

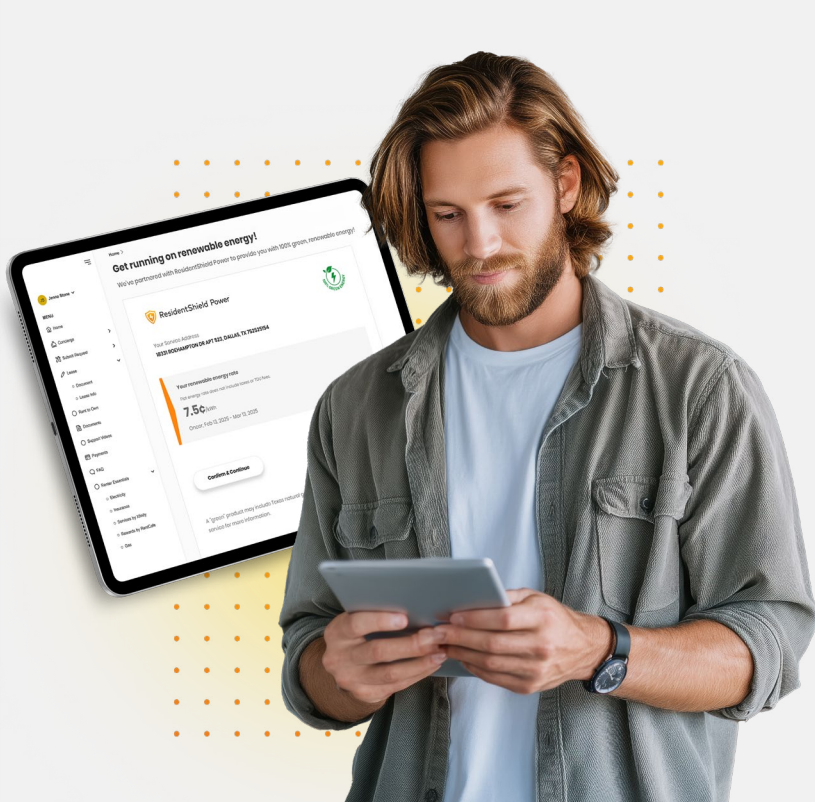

1 Dashboard visibility

See power status across vacant, occupied and common areas using real-time Voyager data.

2 Automated energy

Electricity transfers to the resident at move-in and back to the property at move-out. Just set it and forget it.

3 Resident satisfaction

New and existing residents can sign up for and manage their electricity in RentCafe Living, in addition to earning points with **Rewards by RentCafe**.

4 Referral fees

Turn participation into passive income by earning incentives for every resident enrollment.

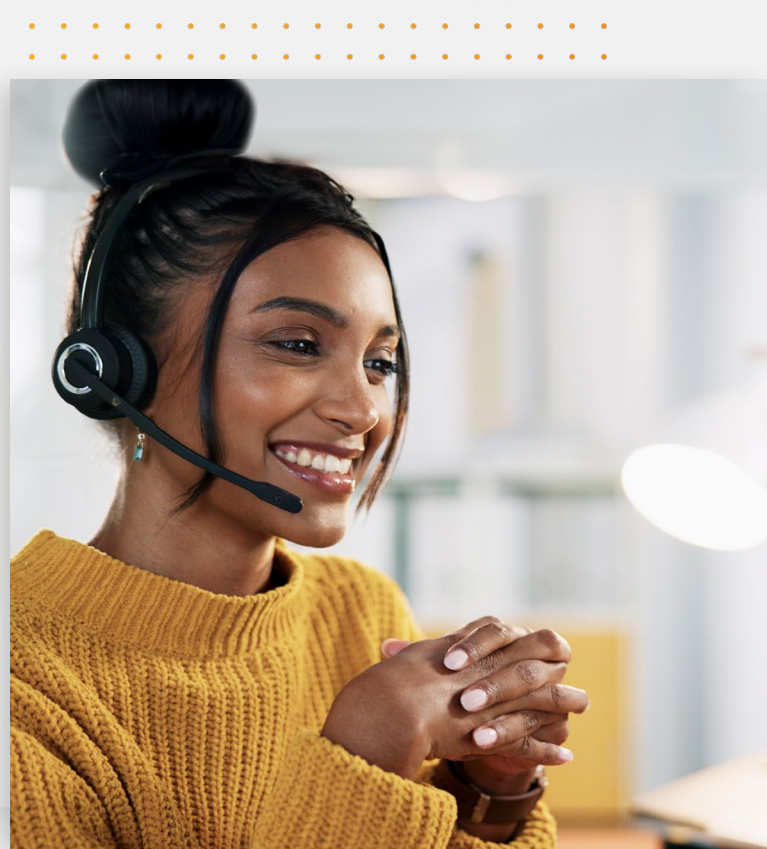

5 Built-in marketing

We provide tailored marketing resources to help drive resident adoption.

6 Hands-off implementation

From start to finish, our team manages every step of implementation so you can go live when you're ready.

7 Dedicated account manager

You'll always have a consistent point of contact for questions, strategy and ongoing support.

Transparency for you.
Effortless for residents.
