

RENTCAFE WELLNESS

Effectively manage your community wellness programs in senior living

Support residents' wellbeing with a single connected solution for managing wellness initiatives. Online activity calendars, attendance tracking and real-time information sharing help residents, families and staff stay connected.

Schedule activities

Maximize efficiency with an intuitive platform for scheduling and marketing wellness activities.

-  Manage RSVPs from residents and family members
-  Flag registrations as required or optional and set fees as needed
-  Track resident attendance and monitor changes in behavior
-  Forecast staffing needs for each activity

Create digital calendars

Display customized, resident-facing calendars to announce upcoming wellness opportunities.

-  Share calendars on your community's RentCafe website and via RentCafe Senior Living when you license the products
-  Offer a single calendar per community or multiple calendars categorized by care
-  Easily designate which details remain consistent and which vary month to month
-  Download and print calendars to display across your community

Empower staff

Boost productivity among community staff with a single platform for managing wellness initiatives.

-  Unlock intuitive dashboards equipped with KPIs
-  Generate analytic reports to assess an activity's impact
-  Plan and execute follow-up care using activity wellness information
-  Save time thanks to simplified workflows

Offer convenience

Enable residents and families to sign up for activities, manage registrations and more from the RentCafe Senior Living portal and mobile app.

-  Allow residents and responsible parties to submit monthly payments for paid wellness activities with Yardi Payment Processing
-  Keep family members in the loop with real-time information sharing
-  Ensure residents' wellbeing is continuously monitored
-  Help everyone stay connected from anywhere

Let's enhance your wellness programs together.
