Building Broad spends less & grows faster with Breeze Premier

One platform for everything

Condo, commercial & mixed-use

Reduced operating costs

Self-reporting 35% annual savings

Simpler scaling

Zero unexpected fees promotes faster growth

THE CHALLENGE

When Building Broad started doing third-party management, they needed a way to manage different property types and train staff on a single platform, all while working remotely.

THE SOLUTION

Breeze Premier’s intuitive interface and ample training resources make it easy to manage a mixed portfolio and grow the business without anyone missing a beat.

Real client, real results

Now that Building Broad is on Breeze Premier, they're able to scale faster and take on more clients.

**35% SAVINGS
IN OPERATIONS**

By automating workflows and simplifying employee onboarding, Breeze Premier is reducing Building Broad's operating costs by about a third of their usual spend.

**WORK FROM
ANYWHERE**

Breeze Premier allows Building Broad's staff to collect rent, handle emergencies and communicate via text and email from anywhere. All documents are securely stored in the cloud, further simplifying data management for the team.

“Our previous software made it kind of hard finding things if you weren't familiar with the interface. Training new people was also a little bit more of a challenge. Breeze Premier is just so much easier to navigate.”

See for yourself!
