THE CHALLENGE

Dweck experienced an increase in applications but needed a more efficient, less manual way to verify incomes and detect fraud.

THE SOLUTION

Dweck used Income Verification to automate income authenticity, saving time and money while reducing fraudulent applications.

Real client, real results

Now that Dweck is using Income Verification, they save more time and approve applicants faster

TIME SAVINGS

Before Income Verification, Dweck's teams spent hours manually verifying applicant incomes. Now they save up to 30 minutes per applicant by automating the vetting process and eliminating time-consuming tasks.

56%

INSTANT VERIFICATIONS

Thanks to automation and AI, Dweck is approving more applicants and worrying less about fraud. More than half of Dweck's applicants were instantly verified in less than one second through Yardi Income Verification.

"We used to spend so much time verifying applicants, but now we get immediate results with less work. **Yardi Income Verification** has changed the way we do screening for the better."
