

“I have been using Yardi programs for over 30 years. I’ve even convinced both my former and current employers to make the change to Yardi. Neither regretted that decision.”

Sue Bennett
Property Manager
Mutual Resource Management

Accomplish more in less time with smarter software

Great support

A dedicated Breeze Premier support expert was made available at no additional cost

Less work overall

The MRM team works fewer hours, sends reports faster & is much happier overall

Speedy accounting

Built-in budgeting & reporting features let Sue spend more time on her communities

WHY YARDI?

Sue has been using Yardi products for three decades. Throughout her career, no other software has consistently offered cutting-edge technology and comprehensive capabilities. She convinced two employers to make the switch from other accounting and leasing platforms to Yardi platforms (most recently Breeze Premier). They never looked back.

Real client, real results

Breeze Premier has everything MRM needs to run its communities

MRM

**FASTER
ONBOARDING**

Change isn't always easy, but even staff who had never seen Breeze Premier found it easy to embrace. The built-in Help Center remains a valuable training asset, letting the MRM team find fast answers to most questions. When they need a little more assistance, they get fast, attentive responses via live chat.

**SMARTER
ACCOUNTING**

For most of Sue's career, the majority of her time was taken up by accounting tasks (budgeting and reporting). Before switching to Yardi, her office used an antiquated program that required triple entries for all bookkeeping. Now that MRM upgraded to Breeze Premier, Sue has more time to focus on the management aspect of her job and spends far less energy crunching numbers.

“My advice if you're unsure about switching software: embrace change and you won't regret it. Breeze support is always there to help. You will never feel like you're alone.”
