YARDI breeze PREMIER | CLIENT STORY

“Breeze Premier felt like the right move because it brought everything under one roof, especially built-in accounting.”

Chris Hitler
General manager & owner-operator
MyStorageHome.com

MYSTORAGEHOME.COM

Self Storage | 2,500 units
MyStorageHome.com

Chris Hitler **manages thousands of storage units single-handedly**, a task that would be overwhelming if not for the right software

Integrated accounting

Eliminate the need for external software like QuickBooks

Centralized operations

Reduce time spent on daily operations & administrative tasks

Faster 1099s

Gain a logistical edge in a market dominated by REITs

THE CHALLENGE

Before adopting Yardi Breeze Premier, MyStorageHome.com relied on CenterShift and QuickBooks for business management. The lack of built-in accounting required manual data transfers, making financial tracking difficult. Additionally, switching between multiple locations was slow, affecting customer service. An outdated escrow system further complicated their accounting processes. It was time for an upgrade.

THE SOLUTION

When Chris Hitler transitioned to Yardi Breeze Premier, his business saw immediate improvements. The all-in-one platform provided integrated accounting, faster property management tools and a more intuitive user experience. The switch eliminated redundant data entry, accelerated customer interactions and simplified financial reporting. This transition was a necessary step toward long-term efficiency.

Real client, real results

Breeze Premier offers an all-in-one, scalable platform that supports expansion without adding operational complexity.

MYSTORAGEHOME.COM

EVERYTHING IN ONE PLACE

Chris describes Breeze Premier as the ideal solution for self storage operators who need an intuitive, scalable and efficient platform. From managing daily operations to long-term growth, the software supports every aspect of his business.

SEAMLESS, AUTOMATED ACCOUNTING

Breeze Premier replaced the need for QuickBooks by integrating financial management directly into the platform. Reporting, expense tracking and payment processing are now seamless and automated.

INCLUDED TRAINING & SUPPORT

The transition to Breeze Premier was a learning curve, especially for long-term staff. However, training materials and hands-on experience made the shift manageable. New employees adapted quickly, with one noting Breeze Premier's ease of use compared to prior systems.

"With integrated accounting, there's no time spent moving data between systems anymore. Switching between properties is much faster, which is a big help when a customer calls about nearby locations."
