

“By far, the biggest improvement that we have now is rent collection. We are officially paperless, and all payments go through RentCafe. No more trips to the bank to deposit rent checks.”

aptsmanager.com

A single solution to run a growing business

100% paperless

Saves 24 hours of work each month by collecting rent online

Simplified reporting

Reduces time spent compiling reports from 16 hours to 45 seconds

Cloud-based & loving it

Communicates with residents & sends reports from anywhere

THE CHALLENGE

Collecting rent, getting signatures and sending reports was taking up too much staff time. Rob needed a way to optimize operations so he could spend more time on his business than “in” his business.

THE SOLUTION

The team adopted Yardi Breeze Premier, which includes online payments and leasing as well as one-click reporting. This solution has everything his team needs to manage their portfolio.

Real client, real results

Now that RC Real Estate is on Breeze Premier, they're able to save time on repetitive tasks and focus on scaling the business.

GENERATE FULL REPORTS IN SECONDS

Breeze Premier allows RC Real Estate Services to keep owners happy with comprehensive custom report packets delivered securely through an owner portal.

STREAMLINE RENT COLLECTION

Letting residents view balances and pay rent online was a game changer for RC Real Estate Services. Residents are now able to pay rent more easily, and time previously spent on bank runs can be spent on higher value tasks.

“The only way to grow your property management business is to network with property owners and real estate professionals. Being face-to-face with tenants all day won't grow your business. The only way that we know to achieve this is to implement proven systems like Breeze Premier.”
