YARDI COROM

A comprehensive solution for occupiers in every asset class

Yardi Corom provides lease, accounting and transaction management that can be deployed individually or used as a single stack.

INCREASE TRANSPARENCY

Centralize your real estate and lease data to gain actionable insights into your portfolio via dashboards and customizable reports.

ENHANCE REAL ESTATE OPERATIONS

Manage your entire real estate portfolio with powerful facility and construction management tools as well as invoice and payment automation.

ENSURE COMPLIANCE

Accurately calculate and report financials compliant with FASB, GASB and IFRS via an end-to-end enterprise accounting solution.

YARDI COROM

TRANSACTION MANAGEMENT

Track your deal pipeline, perform side-by-side analysis, collaborate with brokers and internal decision makers and simplify task management.

LEASE MANAGEMENT & ACCOUNTING

Manage your real estate and equipment leases, gain performance insights and customize reports and notifications. Comply with FASB/GASB/IFRS reporting requirements with ease.

REPORTS & INTEGRATIONS

Create branded custom reports for detailed metrics and visualization. Interface and integrate with over 250 other corporate software solutions.

EXTEND THE SOLUTION

FACILITY MANAGEMENT

Run preventive maintenance, track work requests and scheduling with management-level oversight across all your leases and equipment.

CONSTRUCTION MANAGEMENT

Increase oversight and streamline communication to ensure construction projects are on time and on budget. Automate RFP and bid management. Improve budgeting with end-to-end job forecasting.

INVOICING & PAYMENTS

Go paperless with an end-to-end procure to pay solution for automating rent payments and invoicing sublets. Reduce operational costs with an outsourced payment process and eliminate late fees.
