

Yardi® Elevate

DEAL MANAGER

Simpler, better revenue management

Leverage a fully integrated deal management and legal solution to accelerate revenue results.

Access up-to-date unit availability information, floor plans and interactive stacking plans that sync lease-level data directly with Yardi Voyager. Centralize communication, enter deal terms, track proposals and calculate and store NER at the deal level.

VISUALISE AVAILABLE SPACE

Gain real-time visibility of occupancy, available spaces and deals to optimise NOI.

DRIVE LEASING PERFORMANCE

Use comparisons to prior lease, budget and market to qualify better deals faster.

AUTOMATE LEASE DOCUMENT CREATION

Streamline approvals and manage legal workflow with a fully integrated lease document management solution.

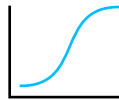

FEATURES

DEAL MANAGER

PIPELINE MANAGEMENT

Manage the deal pipeline from lead through lease with comprehensive deal comparisons and workflow approvals.

REAL-TIME DATA

Draw real-time tenant and lease information including options, encumbrances, rent steps, rates and risk.

LEGAL DOCUMENT CREATION

Invite the Legal team to layer on terms and generate contracts for tenant execution and e-signing.

DETAILED REPORTING

Analyse performance over time by property, market, agent and other characteristics to gain actionable insights.

RELATIONSHIP MANAGEMENT

Visualise customer relationships to match prospects and spaces more efficiently and simplify the entire leasing process.

SINGLE CONNECTED SOLUTION

Manage all prospect, tenant and property information from a centralised solution integrated with Yardi Voyager, Yardi Elevate and more.

Leverage the complete Yardi Elevate Suite to gain in-depth operational data, streamline revenue and expense forecasting and enhance portfolio management.
