ID VERIFY

Confirm applicant identities in seconds

Identify applicants easier than ever with a solution that's built into your leasing workflow. ID Verify validates the identity of online applicants by authenticating documents — such as driver's licences and passports — using a combination of artificial intelligence and computer vision.
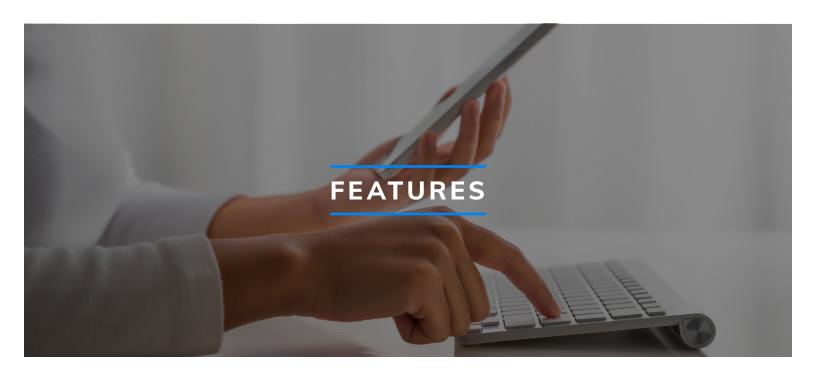

PREVENT FRAUD

Instantly verify identities with biometrics before self-guided or guided tours.

REDUCE COSTS

Catch risky applications early, minimizing credit and criminal screening transactions.

IMPROVE EFFICIENCY

Expedite applicant approvals through an automated leasing process.

ID VERIFY

AUTOMATED VERIFICATION

Authenticate instantly.
Use computer vision and AI to
provide accurate and timely results.

SIMPLIFIED SECURITY

Start the verification process with
the tap of a button. Then let ID
Verify do the rest.

BIOMETRICS

Leverage face comparison
technology to contrast and confirm
ID document photos with selfies.

FRICTIONLESS EXPERIENCE

Begin and complete the
verification process from
one device — smartphone,
desktop or tablet.

SCREEN WITH CONFIDENCE

Lease faster with less worry. Together with
Yardi Resident Screening, ID Verify fits seamlessly into
your applicant workflow, giving you one system to vet
identities, reduce fraud and approve applicants.
