

ID VERIFY

Confirm applicant identity in seconds

Identify applicants faster than ever with a solution built right into your leasing workflow. ID Verify uses a combination of artificial intelligence and computer vision to authenticate documents (e.g., driver's licenses, passports) and validate the identities of online applicants.

GET FAST RESULTS

Enable each applicant to confirm their identity from a smartphone or tablet.

REDUCE RISK

Catch fraudulent applications early and take the screening burden off leasing staff.

GAIN VISIBILITY

Receive real-time reporting on your Breeze or Breeze Premier dashboard. No third-party logins required.

FEATURES

ID VERIFY

AUTOMATED VERIFICATION

Start the verification process with the tap of a button. Let ID Verify do the rest using computer vision and AI to provide accurate and timely results.

BUILT-IN BIOMETRICS

Leverage face comparison technology to compare and confirm ID photos with selfies.

FRICITIONLESS EXPERIENCE

Allow prospects to complete the verification process from any smartphone, desktop or tablet.

SCREEN WITH CONFIDENCE

Lease faster with less worry. Together with ScreeningWorks Pro, ID Verify fits seamlessly into your applicant workflow, giving you one system to vet identities, reduce fraud and approve applicants.
