Yardi Multifamily Suite

Key Benefits

- Features a single platform and database with full drilldown for true visibility
- Utilizes automated workflows modeled on industry-standard best practices
- Includes hundreds of standard reports and custom analytics with drilldown to transaction-level data
- Offers a suite of built-in smart additions for the flexibility to create a full business solution
- Leverages Software as a Service (SaaS) deployment and benefits
- Delivers real-time access through all major Web browsers to execute leasing and provide resident services from smartphones and tablets

Property Management

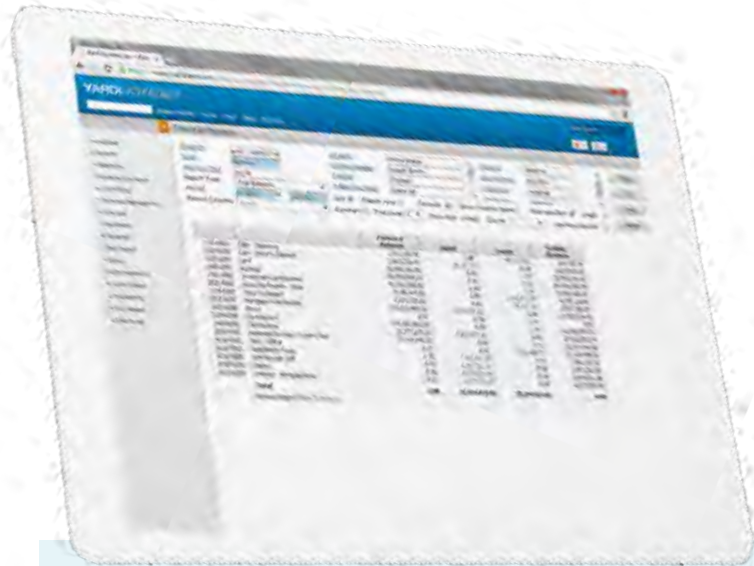

Leverage the most advanced Software as a Service property management platform for residential real estate with built-in accounting, real-time performance analytics and complete mobility.

Yardi Voyager Residential

Yardi Voyager is an end-to-end platform combining financial and property management information in a single, centralized database — with mobile access to execute leasing, provide resident services, view dashboards and complete tasks from smartphones and tablets. Add products from the Yardi Multifamily Suite and take advantage of our comprehensive front office and back office tools and services for a full business multifamily real estate solution. If you have single family properties in your portfolio, add the Single Family Homes toolset to provide property setup templates, role-based dashboards with key performance indicators, automated workflows and analytic reporting for your single family properties.

Efficient Management

Streamlined workflows help manage check writing, approve work orders, process purchase orders and set up new leases, move-ins and move-outs and more. Voyager performance tables allow you to configure stored procedures to meet your individual property management requirements.

Voyager provides standard performance tables that warehouse your data. You can populate these tables with stored procedures that can be run on a predetermined schedule. Analytic views include optional graphs.

Smart Software

Voyager has smart navigation tools including a menu search box to find functions and a site search box to find account information quickly and easily. Make a favorites list of the screens you use most or use the history function to see where you've been. If you're a keyboard power user, you can set up shortcuts to your favorite screens. With Voyager, you can work on a desktop computer, laptop computer, Microsoft Surface,[®] Apple iPad,[®] Android[™] tablet and all major smartphones. And because it's browser independent, you can choose the browser that works for you.

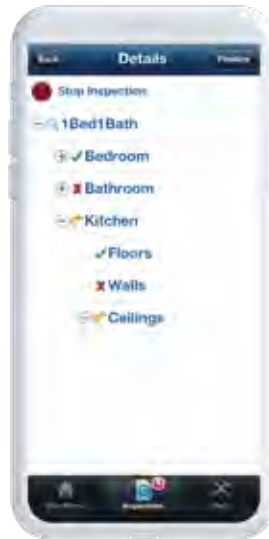

Search for residents using a pop-up window – and stay on the screen you're viewing. Search functionality works for all browsers and includes smart data entry and quick access to your favorites and search history.

Key Features

- Compatible with all Web browsers and mobile devices
- Streamlined leasing workflow
- Configurable role-based dashboards
- Integrated general ledger and automated move-in, move-out accounting
- Integrated maintenance and work order tracking
- Analytic reporting with drilldown and custom report writing
- Smart data entry and quick access to regularly visited screens and history
- Correspondence management for resident communications
- Property brochures, automated hot sheets and quote sheets
- Service contract feature lets you process purchase orders, change orders and payables for contracts
- Hosting options include Yardi SaaS and Yardi SaaS Select

Mobile Solutions

The Voyager platform provides seamless integration with our mobile apps so you can execute leasing, provide resident services and complete tasks and approvals right from your mobile device. License our suite of products for access to mobile apps including RENTCafé Resident, Yardi PAYscan Mobile, Yardi Maintenance Mobile, Yardi Maintenance Manager Mobile, Yardi Inspection Mobile and more. Yardi mobile solutions are optimized for iPhone® and iPad®, BlackBerry® smartphones and Android™ smartphones and tablets.

Schedule and complete inspections from a smartphone or tablet; assigned inspections appear instantly on the inspector's device.

Extend the Voyager property management and accounting platform with integrated value-add products from the Yardi Multifamily Suite and Yardi Investment Suite. Our suites feature comprehensive marketing, leasing, maintenance management, energy management, procurement, invoice processing, payment processing, big data solutions and more.

Financial Management

Yardi Voyager Residential is a complete accounting system designed to meet all applicable GAAP and IFRS requirements. The full-featured general ledger makes financial management processes efficient and responsive to unique organizational policies and procedures. With tools including multiple sets of books, general ledger allocation, recurring journal entries, segmented accounting, intercompany accounting, financial entity setup and account trees, Voyager has the accounting power to support your business.

Accounts Receivable

Voyager provides comprehensive accounts receivable functionality including resident invoicing, automatic or manual payment receipting, creation of letters and statements and back rent calculation based on different calculation types. Accounts receivable functionality is fully integrated with the general ledger, cash receipting and accounts payable in Voyager for real-time data entry with batch and quick receipts, unlimited recurring charges and late fee management with grace periods. Furthermore, Voyager manages complex rent rolls, including overages and turnover rents and tracks multiple checking accounts.

Accounts Payable

Voyager streamlines the payables process and reduces costs by converting paper invoices into efficient electronic transactions virtually eliminating paper and mailing costs. Automated workflows create additional efficiencies as invoices are routed through the approval process through vendor payment. Voyager can generate both one-time and recurring invoices. The system can produce customizable rent statements and reconciliation letters to residents as well as generate statements in bulk for printing or sending automatically by email.

The Invoice Register Dashboard shows the status of all invoices, eliminates paper processing requirements and helps avoid bottlenecks with vendors. Data presented on the dashboard includes drilldown to vendors and payment status.

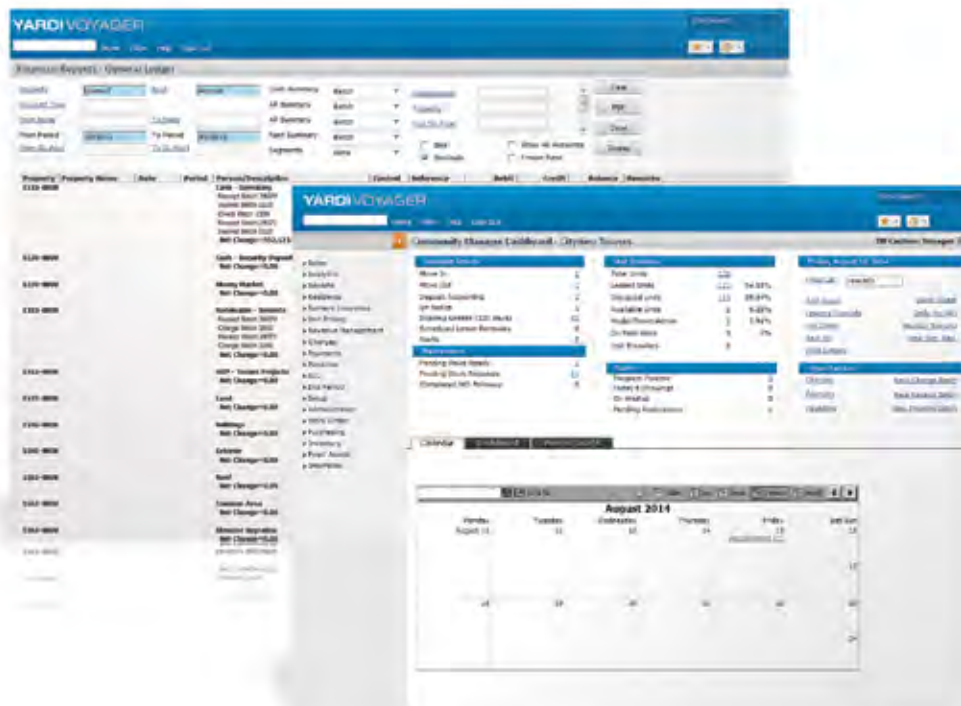

Key Features

- Unlimited number of financial entities with varying fiscal years
- Recurring journal entries with formula-based calculations
- Analytic/audit dashboards for reviewing receivable, payable, and job cost transactional data
- Simultaneous cash and accrual basis accounting
- Streamlined payables process that converts paper invoices into electronic transactions
- Comprehensive budgeting tools
- Automated bank reconciliation
- Check writing capability with your paper stock

General Ledger

The powerful general ledger allows your organization to use a single chart of accounts with configurable accounting segments. The system offers standard cash and accrual books with the ability to create multiple configurable books. Users can drill down to base transactions from high-level reports.

- Distribute expenses from a source property/entity to multiple target properties/entities based on predefined allocation percentages
- Create consolidated journal entries and apply them automatically to multiple individual entities based on percentages or statistical data

Role-based dashboards display tasks that need to be completed on a daily basis. Dashboard reporting gives a complete record of financial transactions with drill-down capabilities.

Key Benefits

- Fulfills all property marketing, leasing and resident service needs from one platform
- Appeals to users and search engines using dynamic, responsive design
- Maximizes leads with social media marketing tools
- Attracts prospects and turns leads into leases with smart conversion features
- Expedites the leasing cycle with complete online lease execution and renewals
- Adds efficiency and heightens prospect and resident satisfaction with convenient mobile apps

Search Engine Marketing

Get more traffic, leads and leases with advanced online marketing services designed to drive renters to your properties.

RENTCafé Reach

Make your properties stand out to potential residents in today's crowded digital marketplace. The search for rentals begins online, but how renters find vacancies often takes multiple paths. RENTCafé Reach is comprised of five distinct services—search engine optimization (SEO), pay-per-click advertising (PPC), social media posting, reputation management and promoted internet listings—that work together to ensure your communities are positioned to attract more prospects, no matter how renters choose to search.

Search Engine Optimization

Win more clicks in local search results with RENTCafé Reach SEO. Our SEO experts help you build authority and engagement so your properties rise to the top. After completing the initial groundwork to optimize your website – including creating content to improve the prospect experience – we continue to monitor your web presence and provide monthly analytics, adjusting your site as needed.

- Increase relevance and engagement with on- and off-page optimization tailored to your audience
- Build authority by claiming and strategically optimizing local business listings
- Track progress with transparent reports that display results

Pay-Per-Click Advertising

Reach more people to attract them to your communities. RENTCafé Reach PPC advertising focuses on scope, relevance and ROI. Our specialists manage your ad campaigns based on property needs and occupancy trends. Deliver relevant ad content that gets prospects to click through to your websites and take the next step. Then analyze results to continually improve your ROI.

- Increase reach by advertising on leading search engines and social platforms
- Drive targeted, high-quality traffic by delivering the right message to the right person at the right time
- Define your ROI and refine your strategy with analytics to identify top-performing campaigns

Social Media Posting

Transform your social media presence. RENTCafé Reach Social pairs high-quality, hyper-local content with social listening and timely, professional replies crafted by a dedicated account manager. First, we audit your social channels and provide recommendations. Then, we support your brand's social media goals by creating, posting, monitoring and reporting on content that you approve.

- Increase brand recognition with curated, hyper-local social media content
- Grow engagement with quick responses and continuous channel monitoring
- Expand reach with boosted posts and microblogs

Stronger Together

Get found online with tools that are available separately but work well together. Integration with RENTCafé means consistency, control and transparency—for a cohesive, single-platform property marketing strategy with accurate reporting.

Key Features

- Expert SEO services tailored to your business
- PPC advertising based on property needs and occupancy trends
- Social media management with the ability to track, edit and approve posts
- Online reputation management services including timely and professional replies
- Enhanced online listings with complete lead transparency
- Dedicated account managers, including Google AdWords™ Certified Specialists
- Comprehensive reporting to track results
- Seamless integration with RENTCafé

Reputation Management

Take control of your digital reputation. Participate in and guide the online conversation about your brand with RENTCafé Reach Reputation Management. An experienced account manager will monitor online reviews, proactively handle potential negative reviews, prevent damaging content and increase positive reviews to build your brand profile. Get additional insight into the prospect and resident experience.

- Monitor and respond to brand mentions online in a professional and timely manner
- Increase credibility and trust with prospects through interactions that reflect the core values of your company
- Highlight and promote resident success stories

Promoted Internet Listings

Cast a wider net with premium listing exposure on RENTCafe.com, a powerful ILS offered exclusively to Yardi clients. Connect with renters searching for their next rental on the most efficient online apartment home marketplace. Go from lead to lease, completely online. We invest heavily in SEO and SEM on Google, Bing and other search engines to attract qualified renters and bring them to your listings.

- Reduce data entry hassle with automatic updates from your Yardi Voyager database
- Keep your pipeline full with quality leads that convert to leases at a lower cost
- Track marketing ROI more accurately with complete transparency

Key Benefits

- Simplifies the leasing process, allowing agents to complete leasing tasks from any location
- Eases the move-in, move-out and lease renewal processes for staff and residents
- Schedules prospect and resident follow-up for customer relationship management throughout the lease lifecycle
- Increases marketing ROI with multi-touch lead attribution models, conversion reporting and predictive analytics
- Ensures optimal visibility into your leasing office, eliminating missed opportunities
- Eliminates manual data entry and duplicate records

CRM

Turn leads into leases, improve resident retention and maximize your marketing ROI with our end-to-end leasing and customer relationship management solution.

RENTCafé CRM

Our end-to-end leasing and customer relationship management solution allows you to conduct prospect and resident services from your tablet or desktop, using real-time data from Yardi Voyager. Fully integrated with Voyager, RENTCafé and RENTCafé Connect, RENTCafé CRM accesses contact, lead, lease, resident and property data and packages it in an intuitive and mobile format for your leasing consultants. It provides automated leasing and CRM activities in one integrated, transparent system so you have total visibility into your leasing office. Leasing consultants can easily step prospects through the leasing cycle from initial contact through online lease execution, as well as promptly assist residents during move-in, move-out, lease renewal and maintenance requests—without being tied to a desktop.

Mobile Leasing Management

RENTCafé CRM features unlimited customized follow-ups for both prospect and resident activity. Real-time lead notifications, tracking and management reporting helps your leasing consultants identify prospects—even before they step foot on your property. Additionally, RENTCafé CRM powers your customer relationship management throughout the leasing process, continuing after the customer moves in, all the way to renewal. Make customer communications easier using the incorporated Voyager correspondence engine and professional email templates.

Instant Insights

Gain total visibility into your leasing office when you channel daily leasing and CRM activities into one integrated, transparent system. Dashboards featuring up-to-the-minute operations details, leasing data and residential analytics—with drilldown and access to custom reports—ensure your staff provides accurate information to your prospects, applicants and residents. RENTCafé CRM also has multi-touch lead attribution tools to track your advertising sources with complete accuracy. As a result, you can capture and track every lead, make your advertising more productive and convert more prospects into residents to optimize rental revenue.

View property listing details, lead data, resident service requests and detailed analytics in one seamless interface.

Access your dashboards, contacts, leads, calendar and leasing activity with a single tap.

Smarter Leasing

Benefit from the workflow efficiency and competitive advantage supplied by an end-to-end tablet leasing tool. All the leasing activities and prospect and resident support you perform at your desk, you can now execute from any location—including real-time rental pricing, applicant screening and renters insurance fulfillment when combined with Yardi RENTmaximizer, ScreeningWorks Pro* and ResidentShield Protection Plan.

Improved Performance

Analytic reporting on agent performance, property positioning and the effectiveness of your marketing campaigns provides timely information to better manage your leads and contacts, sign more leases and improve your team's performance. With RENTCafé CRM analytics, you can turn data into actionable information that increases your ROI.

Prescriptive Analytics

Pair the analytic performance of RENTCafé CRM with the PPC advertising services of RENTCafé Reach to fix vacancy issues before they start. Use your data to predict occupancy gaps, then fill your pipeline with the right number of leads at the lowest cost to convert.

Call Automation

Improve marketing performance when you add call automation to RENTCafé CRM to track the marketing source of prospect calls. Call automation also tracks whether each call converts into a lease. This data about the performance of your marketing sources is visible in your dashboard, allowing you to better allocate your marketing budget.

- Allows you to map your pricing to your business processes and goals with a configurable system built into your Voyager platform

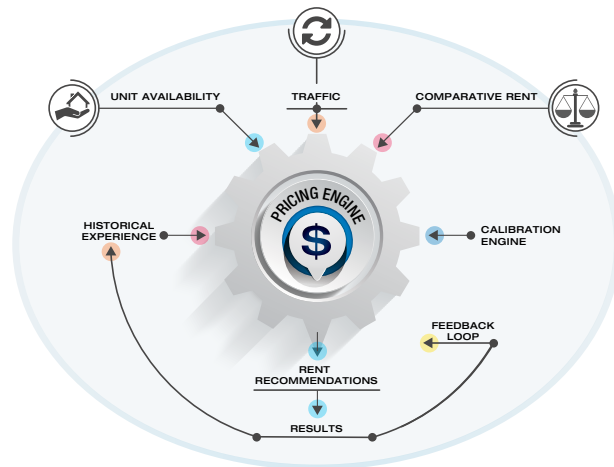

Revenue Management

Our solution provides better results, better service and complete visibility. Now you can increase rental income growth while you improve occupancy.

RENTmaximizer

Get better results with RENTmaximizer, a dynamic revenue management system built into Yardi Voyager and designed to optimize revenue by pricing leases using the balance between your real-time inventory, traffic and market conditions. RENTmaximizer provides complete visibility to see your rent movement, understand your financial and operational performance and know your market — including every comp and how you compete.

RENTmaximizer allows for fast adjustment to market conditions and changes in your inventory and traffic — while adjusting for cost constraints such as vacancy loss, turnover costs, inventory hold days and lease expiration management.

Complete Visibility

RENTmaximizer provides holistic revenue intelligence for your operations team. With this transparent system you'll see everything from rental rates and occupancy data to property performance benchmarking (compared to the market, submarket and competition). Prospects and residents will gain various pricing options, while your managers will enjoy greater confidence that you are delivering the best possible rental prices.

Better Results

Clients using RENTmaximizer have gained on average more than 6% net rental income growth while improving occupancy. And, RENTmaximizer properties consistently beat the market by a minimum of 2%. This intuitive, transparent pricing system empowers your sales force, provides clear and comprehensive reporting and promotes adoption throughout your organization. Leases are priced by the system daily, which allows for fast adjustment to market conditions and changes in your inventory and traffic, while adjusting for cost constraints such as vacancy loss, turnover costs, inventory hold days and lease expiration management.

Better Service

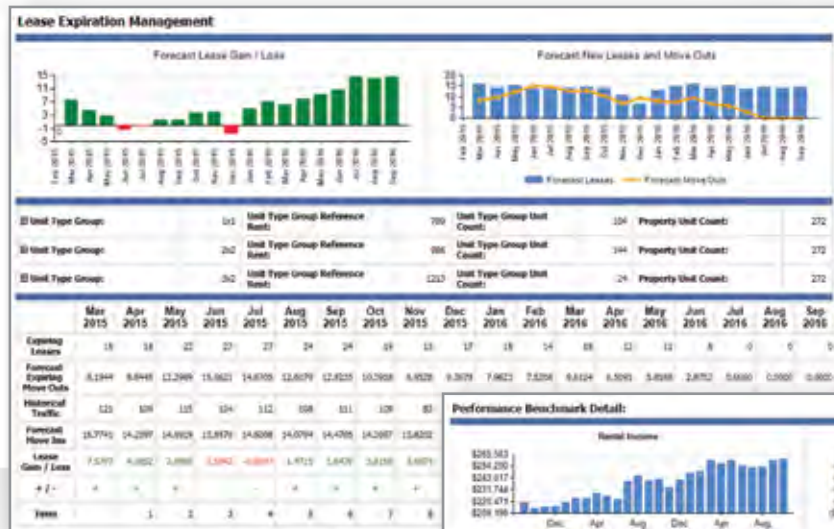

You manage your business, we manage your pricing. Only Yardi provides you with a dedicated revenue manager with valuable industry experience along with your revenue management software. Your dedicated revenue manager will get to know your business processes, assets and goals to provide superior support and will work with you to maximize your returns. And as a RENTmaximizer client, you'll receive this service and training continuously to promote ongoing success.

RENTmaximizer provides total visibility into your vacancy forecast.

Key Features

- Industry benchmarking data provides complete visibility for more successful pricing
- Multiple pricing options fit customer needs and address fair housing concerns
- Predictable daily pricing allows for fast adjustment to market conditions and your inventory
- Analytical reporting provides complete intelligence on components that drive maximum revenue
- Superior service and ongoing training from experienced revenue managers

Historical information and other metrics help you manage and forecast lease expirations.

Clear and comprehensive metrics focus on all operational components that drive revenue including rental income, concessions, occupancy and rental rate, not just pricing. The Performance Benchmark Detail report allows you to view data across several months.

Market Intelligence

Yardi Matrix provides nationwide intelligence on markets, submarkets, competition, developments, loans, occupancy and sales, rent and expense comps and more. This data delivers accurate indicators of economic trends and performance and helps you price apartments profitably. When this market-specific data is incorporated with your RENTmaximizer data, you can accurately benchmark performance and factor it into rent projections and calculations which enhances your revenue management strategy and helps boost the performance of individual assets.

Key Benefits

- Reduces loss from collections, evictions and legal action
- Automates consistent decisions and improves compliance with customizable rules
- Increases ease of use with one integrated system and simplified online leasing workflow
- Leverages resident history data in Voyager for better business insight

Resident Screening

Make screening a seamless part of your Yardi Voyager leasing workflow and leverage it with your operating data to ensure you consistently select and retain low-risk residents.

The image shows a close-up of a person's hand pointing at a tablet. The tablet displays a resident screening form with various sections and data points. ScreeningWorks Pro

ScreeningWorks Pro* is a proven online resident screening system that delivers comprehensive reports so property managers can make smart rental decisions and minimize risk. You get credit reports from the three major bureaus, plus terrorist, drug trafficker, sex offender and Social Security fraud screening, rental payment history records and eviction and landlord/tenant civil court records. Using the most reliable data available, our solution eliminates guesswork and provides automated recommendations tailored for your properties to help you select quality residents. The system is customizable for many multifamily property types including conventional, subsidized and student housing.

Confident Screening

Our solution delivers a reliable screening process to provide your rental staff with clear, consistent direction that supports your business rules. Screening workflow automation provides built-in control and cost savings and enables your staff to work more efficiently. Decision criteria are tailored for each property in your portfolio, so applicants will always be screened uniformly and according to your objectives.

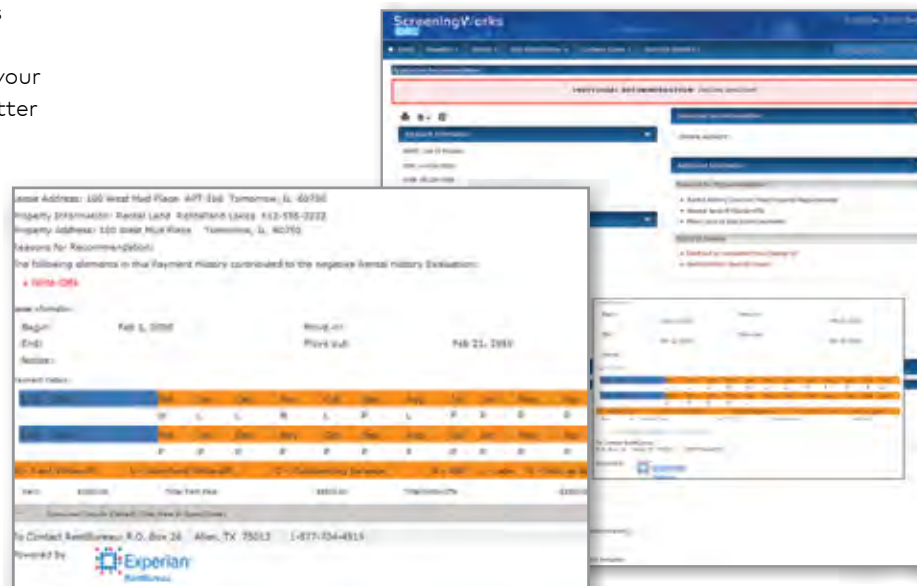

Analyze community and portfolio screening data on the ScreeningWorks Exec dashboard.

Experian RentBureau Advantage

Gain a competitive advantage by adding Experian® RentBureau® data to your screening program. Experian RentBureau is the largest and most widely used database of rental payment information and currently includes data on more than 18 million residents nationwide. With ScreeningWorks Pro, you can leverage this data to factor applicants' rental payment history as part of your resident screening decision, which will allow you to accept better quality residents who have a history of paying rent on time.

*Yardi Resident Screening in Canada

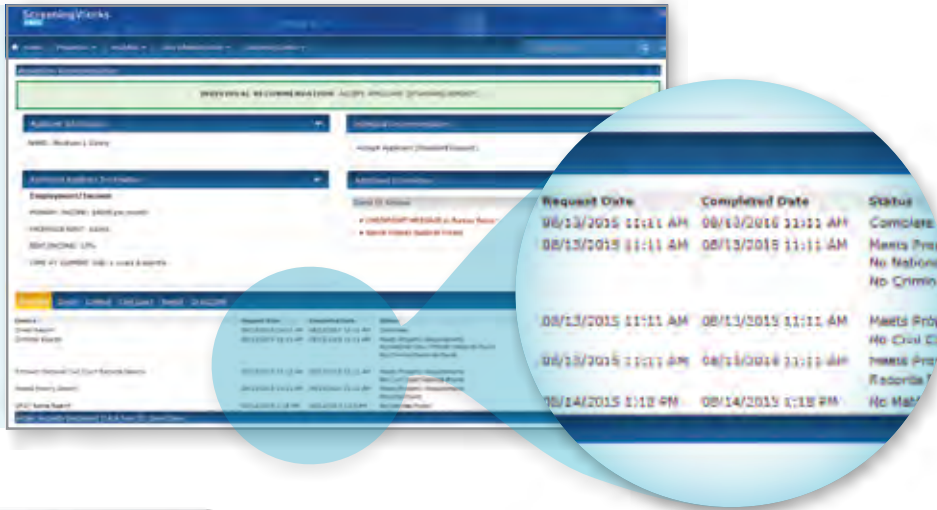

Incorporate rental payment history into your screening decisions by combining Experian RentBureau data with ScreeningWorks Pro. Property management companies and electronic rental payment processors automatically report payment data to Experian RentBureau every 24 hours.

Strategic Advantage

The screening and reporting tools included with the system enable property owners and managers to minimize risk and maximize revenue while maintaining compliant, safe and profitable communities. ScreeningWorks Pro provides a strategic advantage with management reports and analytics that shed light on your applicant traffic and performance. Experienced consultants are available to further assist in fine-tuning decision criteria to meet your goals.

Automate recommendations based on your criteria and help staff work more efficiently.

Oversee applicant traffic and property performance in a single snapshot with the ScreeningWorks Exec reporting dashboard.

Renters Insurance

Reduced risk and peace of mind — for you and your residents.

ResidentShield Protection Plan

Renters insurance reduces your property risk from resident-caused loss and offers your residents proven protection. The ResidentShield Protection Plan* will provide your leasing staff with training and marketing materials, along with easy enrollment for your residents. Program progress reports are readily available to your managers to track success. And, the program includes assistance for policyholders with customer service issues, so your staff is "hands off." When combined with RENTCafé, renters can sign up as part of the online leasing workflow. The ResidentShield Protection Plan features two choices — ResidentShield HO4 and ResidentShield Master Policy Program — you decide which program or combination of solutions is best for your specific risk transfer program.

ResidentShield HO4

ResidentShield HO4 offers resident liability and personal contents coverage backed by the most experienced underwriters in the industry, ensuring maximum protection against fire, smoke, lightning, wind, water damage and theft — including personal property and automobiles.

Residents can visit www.ResidentShield.com to learn about renters insurance, obtain an insurance quote and purchase a policy — in under five minutes!* The resident is listed as 'primary insured' and all policy details are automatically loaded into your Yardi Voyager system. Robust compliance reporting and policy activity tracking is provided via the Insurance Dashboard within Voyager.

ResidentShield Master Policy Program

The ResidentShield Master Policy Program provides residents an easy, affordable way to fulfill an insurance requirement, with the property manager listed as 'primary insured' and the resident as 'additional insured.' It protects the property owner against liability claims resulting from resident-caused damages, with optional coverage amounts ranging from \$25,000 - \$100,000 per occurrence.

Primarily used as a supplement to ResidentShield HO4 as a 'forced placed' alternative, resident enrollments are completed within the Insurance Dashboard in Voyager, creating an additional charge on the monthly billing statement. In addition, property managers may be eligible to earn monthly servicing convenience fees in exchange for ongoing program administration.

*Insurance products are sold through Peak Insurance Advisors, LLC, an independent insurance agent and wholly owned subsidiary of Yardi Systems, Inc. Insurance is provided through several third-party underwriters.

Key Features

- Ability to name up to four non-related residents (roommates) on one policy
- Comprehensive compliance reporting and automated monitoring at the property level optimizes risk mitigation
- Compliance tracking built into Voyager
- Affordable coverage for your residents, with easy enrollment
- Onsite promotional brochures and ongoing account management support to ensure program success
- Self-service renters insurance fulfillment built into Voyager leasing workflow when combined with RENTCafé

Mitigate Risk

Implementing a required renters insurance program has become standard business practice for portfolio managers across the industry. According to the National Multifamily Housing Council's Apartment Cost Risk Survey, 84% of apartment companies surveyed require renters insurance coverage. In fact, the National Apartment Association's master lease now encourages owners to utilize a required program to mitigate risk. And while ResidentShield protects owner assets, it also provides reliable protection to renters, who consider your properties home.

We make it easy to require renters insurance. When you add the 'Interested Third-Party Policy Management,' ResidentShield takes the headache out of risk transfer administration, even when your resident chooses another renters insurance provider. Our office tracks all policies that lapse coverage directly in Voyager and sends automated compliance notifications — so your staff can focus on leasing units and managing your communities. With ResidentShield, we are here to make sure you are protected from property loss and your units are covered.

We provide onsite promotional brochures to help your renters choose ResidentShield.

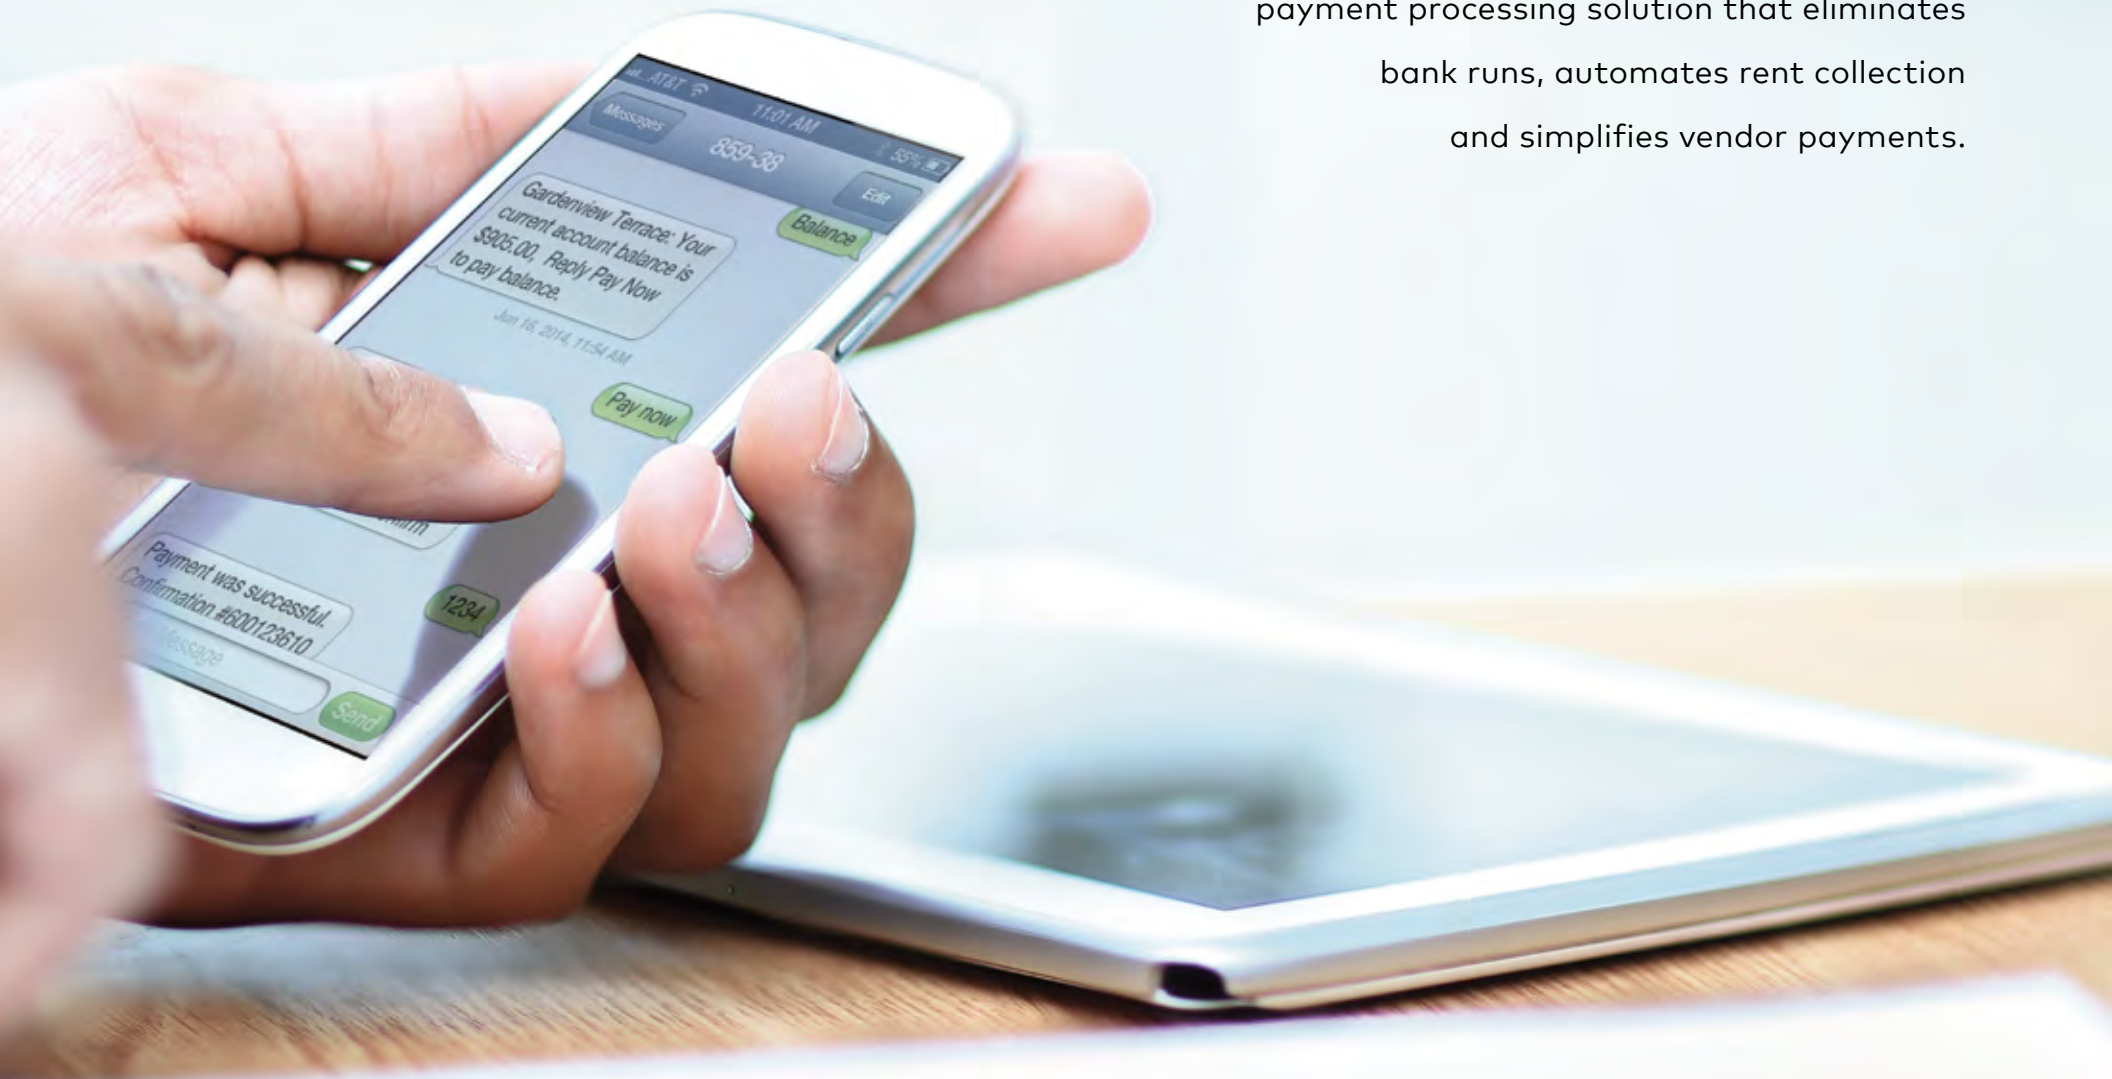

Key Benefits

- Increases resident satisfaction and maximizes your cash flow
- Saves time by scanning and digitizing paper checks and money orders in bulk
- Offers one-stop convenience and reduces money order issues with walk-in payments
- Provides secure instant access, confirmations via text message
- Streamlines accounts payable with automated vendor and owner payments
- Eliminates manual errors and time-consuming bank trips

Payment Processing

Save time and maximize cash flow with a payment processing solution that eliminates bank runs, automates rent collection and simplifies vendor payments.

Yardi Payment Processing

Increase resident satisfaction and office efficiency with Yardi Payment Processing. Manage accounts receivable and accounts payable with one system that helps you streamline rent collection, cut operational costs and reduce processing errors. Make collecting rent and other fees easier with user-friendly payment options that eliminate bank runs for your staff. Your residents can conveniently pay rent by check, online, via text or at participating retailers. Your staff can more quickly process incoming payments and outgoing payments to vendors and owners.

Collect Online Payments

Offer paperless self-service rent payments with a recurring payment option using Yardi Online Payments. Residents can log in at any time, view their account balances and pay rent directly from a bank account (ACH payment) or with a credit or debit card. Online payments are entered directly into Yardi Voyager, with automatic deposits and easy bank reconciliation. ACH payments are sent to your bank via EFT the next day. Credit and debit card payments are processed within 2-4 days.

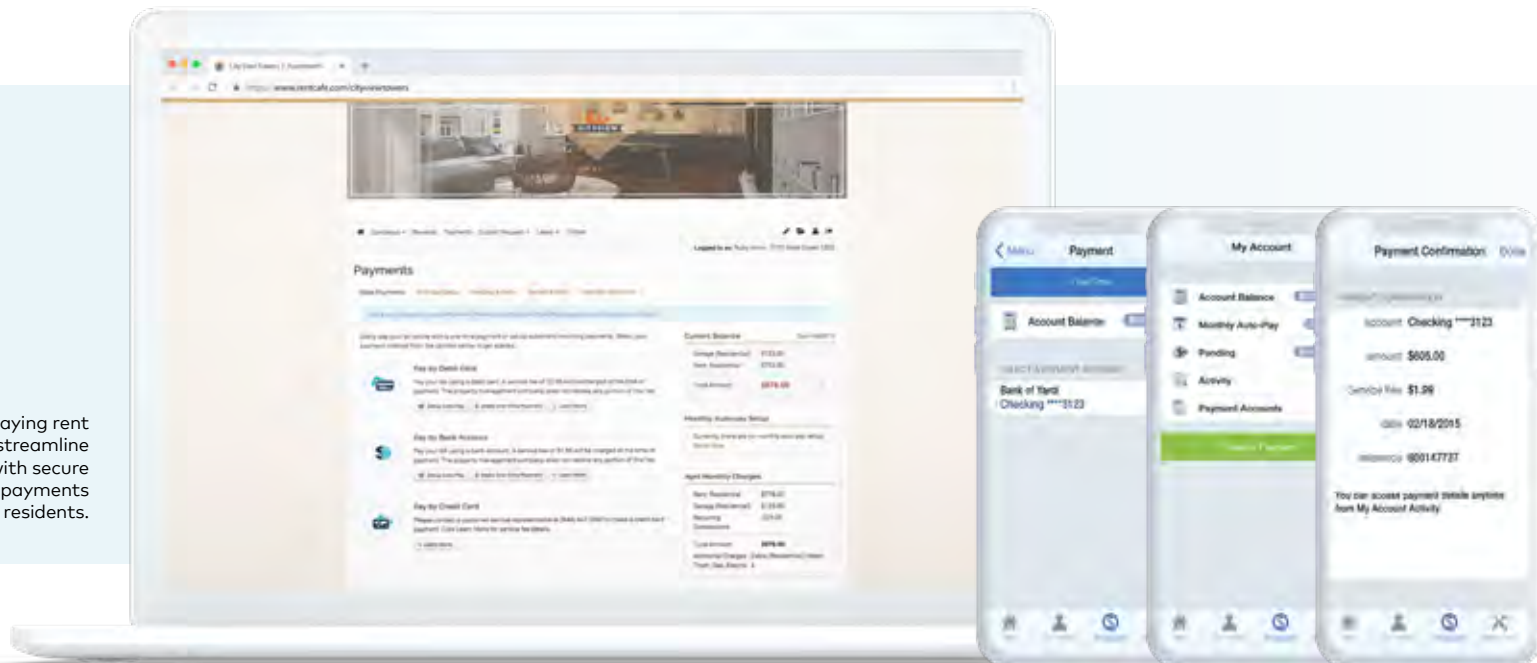

Collect Text Payments

Give residents 24/7 convenient and secure mobile access to review balances and make payments via SMS text messaging with RENTCafé TextPay. Immediate confirmation is provided to residents making text payments from a bank account or credit or debit card. Rent payments are automatically entered into Voyager, improving operational efficiencies while increasing resident satisfaction by providing an in-demand mobile service.

Collect Check Payments

Eliminate trips to the bank, lost checks and manual keying errors while reducing NSF risk with Yardi CHECKscan. Scan bulk batches of personal, corporate, bill pay and cashier's checks as well as money orders to greatly reduce processing time. Instantly create receipt batches in Voyager for all items and permanently store the image files. Payments are transferred electronically to your financial institution the next day, optimizing your cash flow.

Make paying rent easier and streamline collection with secure online payments for your residents.

Key Features

- Electronic deposits for rapid availability of funds
- 24/7 resident access to make online and text payments
- Credit and debit card and ACH resident payments with recurring ACH option
- Walk-in payment service for cash payments at participating retail locations
- Voyager auto-matches charges and applies payment priority rules
- Permanent check image storage for scanned payments
- Automated check writing and electronic vendor and owner payments for outgoing accounts payable
- All transactions instantly recorded in Voyager

Collect Walk-in Payments*

Let residents pay rent in cash at over 20,000 participating retail locations. Our walk-in payment system (WIPS) provides the ease of a one-stop experience and reduces money order issues for your staff. This service can be easily added to your existing Yardi cash management system. Electronic payment confirmations are automatically available in Voyager the next day. Funds are made available within three business days.

Pay Vendors & Owners*

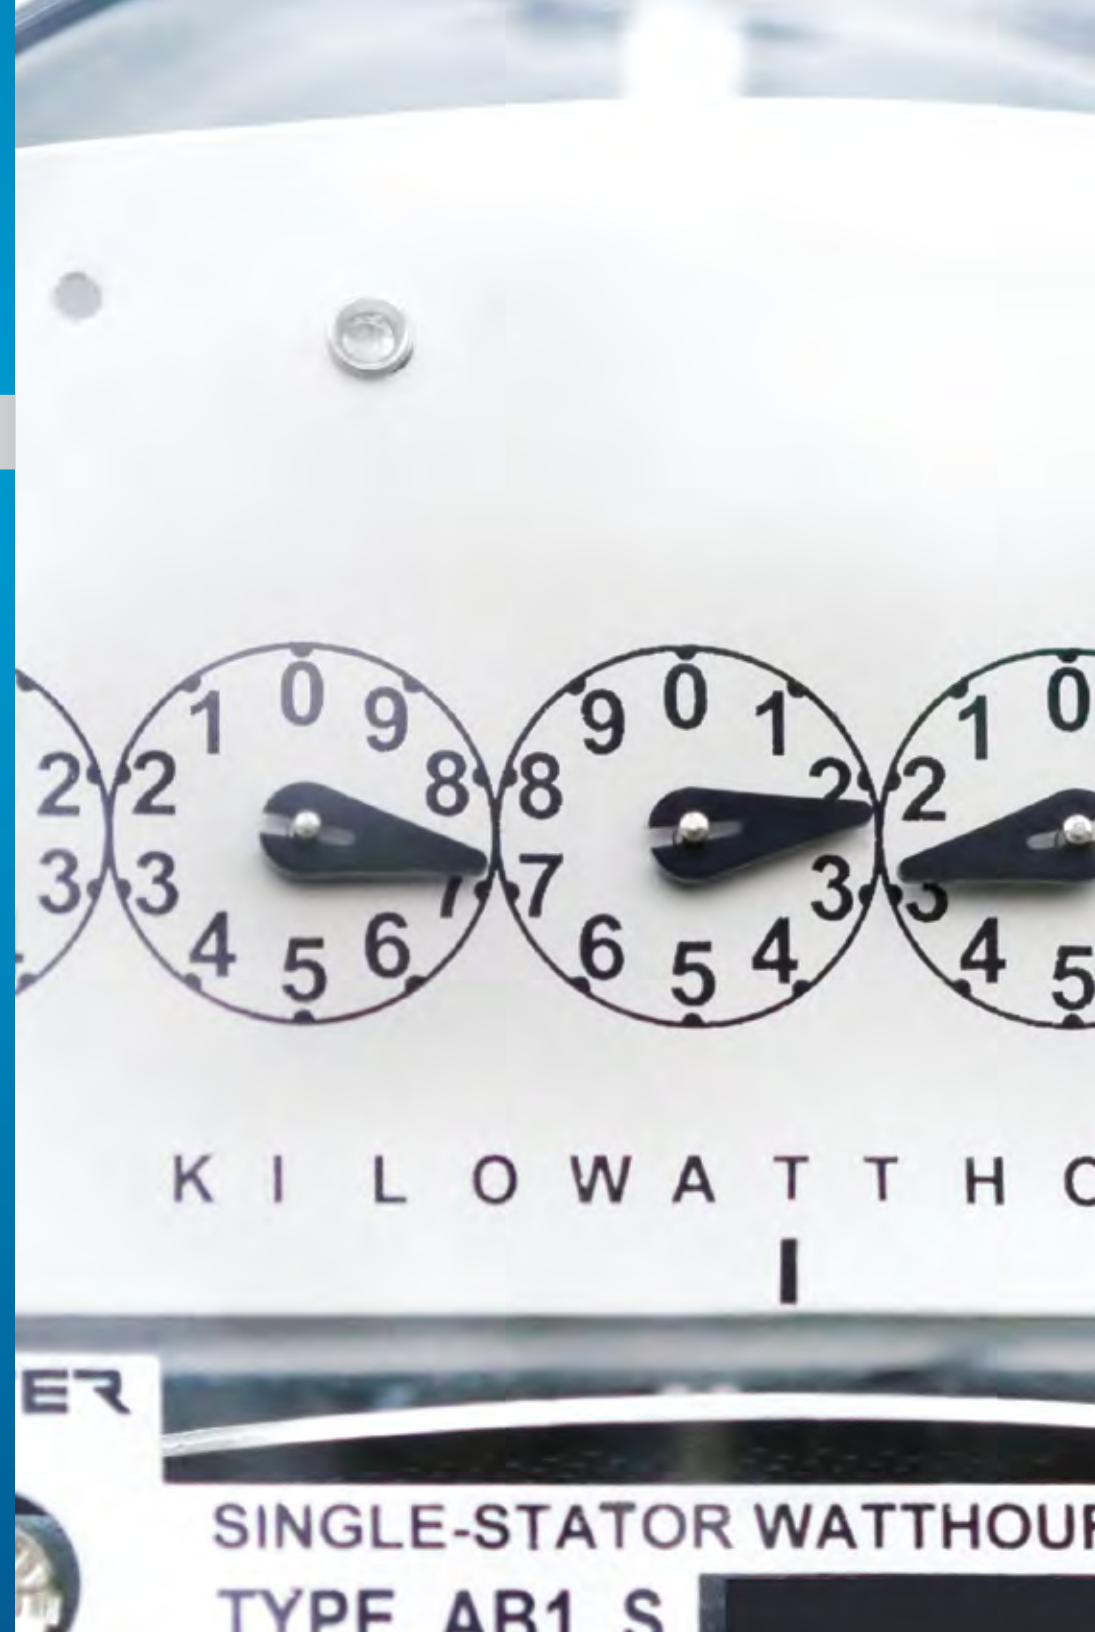

Speed up the vendor and owner payment process with Yardi Bill Pay. Invoices are seamlessly routed through your approval workflows. Bill Pay automatically pulls payments from your Voyager database and fulfills them based on how you pay each individual. Vendors and owners receive payment via your choice of mailed check, ACH or credit card.

Market Data

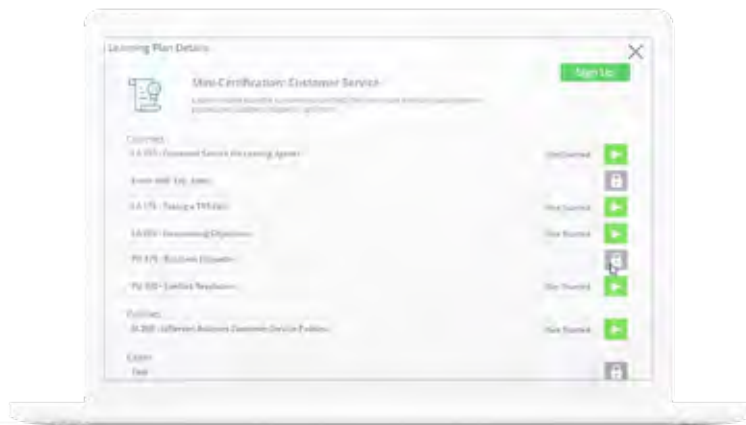

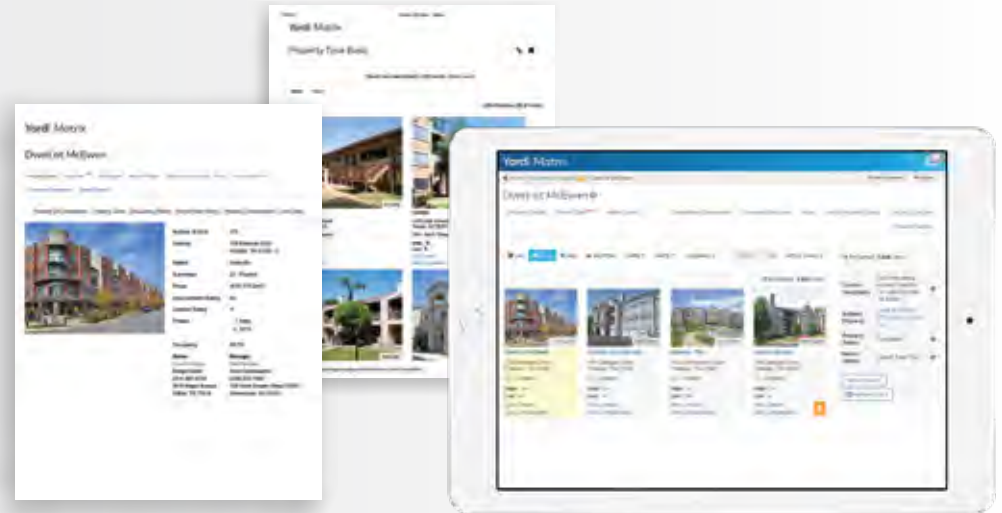

Your source for originating, pre-underwriting
and managing assets for profitable real
estate loans and investments.

Yardi Matrix

Empower your business with the same information that leading real estate investors across the U.S. rely on to make better business decisions. Whether your principal interest is residential, office, industrial or self storage properties, we'll deliver the information you need to take control of property prospecting, underwriting and asset management processes. All parties gain value from Matrix—brokers, acquisition groups, foreign and domestic equity investors, debt investors, fee property managers and more.

Complete Property Research

Matrix does the heavy lifting—with extensive quality control—to compile property-level research that closes deals and drives value. We save you time by unveiling the true ownership of LLCs and senior level contacts, abstracting all senior loans, continuously updating sales data, obtaining verified tenants, lease rents, lease expirations and current listings and providing data-driven occupancy and forecasts.

Actionable Analysis

Get the data you need to analyze and feed your own financial models, so you do not waste time pursuing unproductive deals. Find that needle in the haystack—the right deal—with our unique asset rating system and loan maturity schedules. And with Yardi Matrix's exclusive revenue and expense comp data, you'll know the deal is in your strike zone before devoting your valuable time on it.

Key Features

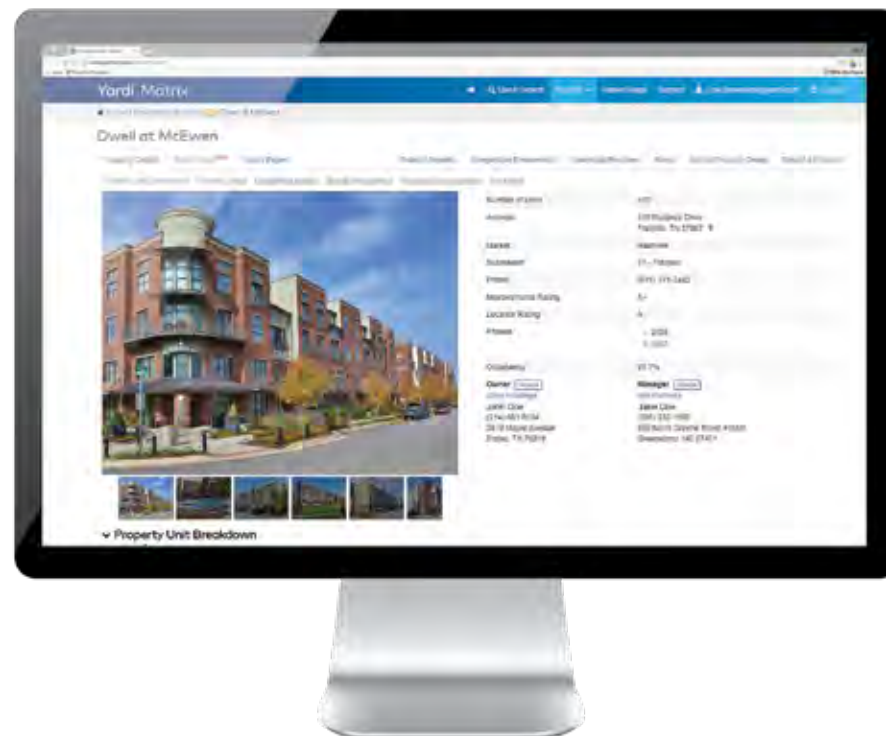

- Full ownership and management information
- In-place loans; construction, permanent, CMBS and their expirations
- Aggregated and anonymized residential and office revenue and expense comps—an industry exclusive
- Patented property improvement and location ratings systems
- Complete site-level and verified tenant, lease and available space information
- Data-driven occupancy and long-range forecasts
- Competitive subscription pricing based on markets and users
- Cloud-based services and mobile access

Accurate Tracking

Track asset performance and the valuation of your properties—along with those of your competitors or potential partners. Our proprietary improvement and location ratings systems allow you to compare apples to apples—giving you fair and balanced performance information to act upon.

Market Insights

Whatever your role—acquisitions, refinance underwriting, valuations or sales—Matrix is your source for actionable information. Our renowned institutional research on markets, investment strategy and long-term trends is at your fingertips and included as a subscriber.

Key Benefits

- Speeds up employee onboarding with courses that blend Yardi software training and custom policies and procedures
- Reduces training administrative costs with efficient automated workflows and data import/export
- Consolidates training program administrative tasks to a single platform
- Automates recertification processes, due dates, notifications and compliance reporting
- Improves employee performance by encouraging staff to explore new skills in safe, Yardi practice areas
- Builds a robust culture of learning with achievements, peer discussions and assignment feedback tools
- Achieves better accountability and knowledge retention over traditional training
- Boosts employee confidence with relevant and effective training resources that improve job efficiency

Online Learning

Create a personalized learning experience that maximizes knowledge retention and job satisfaction.

Yardi eLearning

Get more value from your training budget. Yardi eLearning eclipses traditional staff training programs with on-demand digital content designed to improve job performance, reduce staff turnover and eliminate outdated teaching methods.

Get Simplified Access

Provide your employees with a role-specific learning plan that includes self-paced courses, instructor-led events and tests. Set delays on the learning steps to automatically unlock new content as the previous content is completed, or use timed delays to trickle content out over time. Learners can self-enroll in training from their custom course and event catalogs that present appropriate content based on job role or group assignment.

Automate User Management

Save time and avoid input errors with automated data transfers. Yardi eLearning supports data transfer to and from third-party learning management, talent management and HR systems. Administrators can set up automated, regularly-scheduled data transfers that streamline employee onboarding, reduce training administrative costs and ensure accurate reporting by consolidating students' comprehensive training activities.

Customize Your Catalog

Choose from a comprehensive catalog of over 750 courses covering compliance, safety, professional development and more. Each course is fully customizable to individual company needs. Approximately 80% of the courses cover Yardi products and services. These Yardi-specific courses fit the learning needs of beginners to advanced learners.

Increase Staff Compliance

Keep staff informed about the latest federal legislation and prepared to comply with changing regulations. Yardi eLearning maintains courses that not only explain the laws, but provide relevant examples to help your team members understand areas of risk they must be aware of based on their role in the organization. Current offerings include Federal Fair Housing education (general and maintenance technician-specific) and

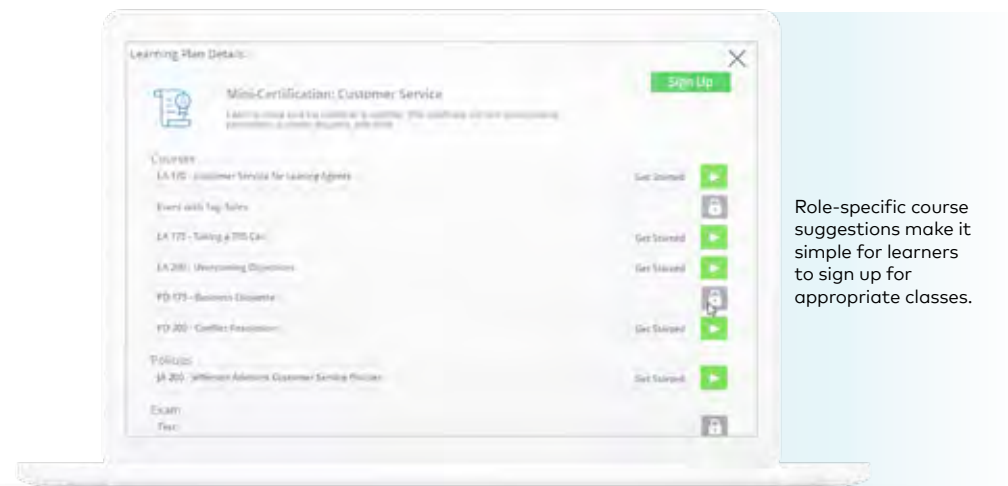

harassment training (employee and supervisor versions). Flexible Bilingual Spanish versions allow your team members to select their own language preference while you issue and monitor completion on a single course.

Craft Learning Plans Based on Role

Build comprehensive training programs, targeted by job role, that deliver learning challenges to your employees steadily over time. Yardi eLearning Learning Plans are a quick, strategic way to assign users the exact learning materials necessary for their job, next promotion or to gain additional knowledge or skills. Plans can incorporate courses, online events and other learning opportunities scheduled to drop strategically as employees progress.

Make Live Events More Effective

Gain centralized management tools for classroom, webinar and in-person events. Trainers can schedule single or recurring events, interface with integrated Citrix®, Cisco® and Adobe® web conference tools, and import free Yardi webinars.

Role-specific course suggestions make it simple for learners to sign up for appropriate classes.

Integration helps trainers eliminate costly data entry errors, organize their calendar of events, manage attendance and report on student attendance. Yardi eLearning makes it easy to distribute training materials and set up pre- and post-event surveys to measure effectiveness of live webinar events.

Organize Employee Resources

Make it easy for Yardi eLearning users to find exactly what they need to make training more successful and their everyday work more efficient. Yardi eLearning administrators can use resource containers to curate relevant content from many different sources and deliver it to specific groups of users who need it most.

Sign Documents Digitally

eSign is a time-saving and paperless feature built into your Yardi eLearning university that allows you to upload your organization's PDFs and build a digital library of documents that can be signed electronically to acknowledge policy statements or certify completion of goals and tasks. With eSign, users can insert custom signature files, select from included templates or create one from scratch on a tablet. eSign also has text fields which enable users to insert comments into the form. Eliminate the need to download, print, sign, scan, upload or email forms. Get it all done online quickly and with a convenient, digital audit trail.

Collect Employee Input

Create custom surveys and assess response data without leaving Yardi eLearning. Gain faster access to survey responses and analyze data easier by avoiding import/export from third-party survey software. Collect company-wide feedback by sending surveys via platform email or in a resource container. Gain learner input by including surveys in your courses and event descriptions to measure the effectiveness of the learning materials, gauge attendee learning goals and experience, and follow live events to evaluate instructor performance and classroom feedback.

Use SCORM Courses in Yardi eLearning

Yardi eLearning supports SCORM courses created in other authoring platforms, or those purchased from third-party vendors. Upload your external SCORM courses as a page with a course and issue it as a step in learning plans. Customize the SCORM-based course using Yardi eLearning tools to add custom pages before and after the SCORM page to embellish the off-the-shelf content with your custom instructions, policies, tests, eSign documents and assignments before and after the SCORM course.

Key Features

- Centralized solution for online courses, live training events and organizational resources
- Integration with a variety of identity providers and webinar, video hosting and help desk software providers
- Manual and scheduled reporting to track learner progress and organizational trends
- Role- or region-based course deployment
- Extensive curriculum developed and maintained by Yardi and industry experts
- Intuitive authoring tools for quick course creation and rollout to learners
- Support for multimedia formats including SCORM, HTML, documents, images and videos
- Mobile access through all major handheld devices and web browsers
- Training and consultation from experienced Yardi eLearning experts
- Easy-access search function for staff to find company-wide resources
