Yardi Voyager Residential

Yardi Voyager is an end-to-end platform combining financial and property management information in a single, centralized database — with mobile access to execute leasing, provide resident services, view dashboards and complete tasks from smartphones and tablets. Add products from the Yardi Multifamily Suite and take advantage of our comprehensive front office and back office tools and services for a full business multifamily real estate solution. If you have single family properties in your portfolio, add the Single Family Homes toolset to provide property setup templates, role-based dashboards with key performance indicators, automated workflows and analytic reporting for your single family properties.

Efficient Management

Streamlined workflows help manage lease-up, write and approve work orders, process purchase orders and set up new leases, move-ins and move-outs and more. Voyager performance tables allow you to configure stored procedures to meet your individual property management requirements.

Smart Software

Voyager has smart navigation tasks including a menu search box to find functions and a site search box to find account information quickly and easily. Make a favorites list of the screens you use most or use the history function to go back to where you've been. If you're a keyboard power user, you can set up shortcuts to your favorite screens. With Voyager, you can work on a desktop computer, laptop computer, Microsoft Surface®, Apple iPad®, Android™ tablet and all major smartphones. And because it's browser independent, you can choose the browser that works for you.

Mobile Solutions

The Voyager platform provides seamless integration with our mobile apps so you can execute leasing, provide resident services and complete tasks and approvals right from your mobile device. License our suite of products for access to mobile apps including RENT Café, Yardi PayScan Mobile, Yardi Maintenance Mobile, Yardi Maintenance Manager Mobile, Yardi Inspection Mobile and more. Yardi mobile solutions are optimized for iPhone® and iPad®, BlackBerry® smartphones and Android™ smartphones and tablets.

Key Features

• Compatible with all Web browsers and mobile devices
• Streamlined leasing workflow
• Configurable role-based dashboards
• Integrated general ledger and automated move-in, move-out accounting
• Integrated maintenance and work order tracking
• Analytic reporting with drilldown and custom report writing
• Smart data entry and quick access to regularly visited screens and history
• Correspondence management for resident communications
• Property brochures, automated hot sheets and quote sheets
• Service contract feature lets you process purchase orders, change orders and paysables for contracts
• Hosting options include Yardi SaaS and Yardi SaaS Select
General Ledger
The powerful general ledger allows your organization to use a single chart of accounts with configurable accounting segments. The system offers standard cash and accrual books with the ability to create multiple configurable books. Users can drill down to base transactions from high-level reports.

- Distribute expenses from a source property/entity to multiple target properties/entities based on predefined allocation percentages
- Create consolidated journal entries and apply them automatically to multiple individual entities based on percentages or statistical data

Accounts Receivable
Voyager provides comprehensive accounts receivable functionality including resident invoicing, automatic or manual payment receipting, creation of letters and statements and back rent calculation based on different calculation types. Accounts receivable functionality is fully integrated with the general ledger, cash receipting and accounts payable in Voyager for real-time data entry with batch and quick receipts, unlimited recurring charges and late fee management with grace periods. Furthermore, Voyager manages complex rent rolls, including overages and turnover rents and tracks multiple checking accounts.

Accounts Payable
Voyager streamlines the payables process and reduces costs by converting paper invoices into efficient electronic transactions virtually eliminating paper and making costs. Automated workflows create additional efficiencies as invoices are routed through the approval process via vendor payment. Voyager can generate both one-time and recurring invoices. The system can produce customizable rent statements and reconciliation letters to residents as well as generate statements in bulk for printing or sending automatically by email.

Key Features
- Unlimited number of financial entities with varying fiscal years
- Recurring journal entries with formula-based calculations
- Analytic/audit dashboards for reviewing receivable, payable, and job cost transactional data
- Simultaneous cash and accrual basis accounting
- Streamlined payables process that converts paper invoices into electronic transactions
- Comprehensive budgeting tools
- Automated bank reconciliation
- Cheque writing capability with your paper stock
Marketing & Leasing

RENTCafé connects you with prospects and residents more quickly than ever before. Attract prospects with corporate and property marketing websites, social media marketing, and classified posting tools. Convert leads through step-by-step online leasing. Retain residents by offering convenient online payments and maintenance requests. Complete mobility and seamless integration with Yardi Voyager, RENTCafé CRM and RENTCafé Connect.

RENTCafé presents prospects with real-time pricing and unit availability, ensuring you never miss an opportunity to turn a lead into a lease.

RENTCafé includes Facebook apps that allow you to deliver unit availability and execute online leasing directly from your property’s Facebook page.

With our social media management tools, you can post to Facebook, Twitter and Instagram from one central hub.

RENTCafé property marketing websites are optimized for display and functionality on any size screen.

Corporate Marketing Sites
Create a customized website to professionally represent your corporate brand. An integrated geographic apartment search allows prospects to search for available units at all of your properties. Manage both your corporate site and your property websites from a single solution.

Social Media Marketing
Power your social content posting strategy. Tap into your residents’ social networks to increase your prospective audience and lower your marketing costs. Built-in tools expand your online presence and incentivize residents to give trusted referrals to friends, family, and colleagues.

Classified Posting
Attract and convert more leads using RENTCafé Classifieds to quickly create compliant, trackable classified ads for Craigslist. Reduce the potential for errors and drive opportunities using intuitive drag and drop widgets to define amenities, photos, and other fields. Detailed reports on ad activity, conversion rates and more provide insight into campaign effectiveness.

Digital Marketing Manager
Manage content marketing for multiple properties with RENTCafé Marketing Manager, a multifaceted marketing management system designed specifically for multifamily. Users can save, search, and share content, as well as communicate with team members at other communities.
Online Leasing
Provide prospects with real-time pricing and unit availability through your property websites and use Facebook with step-by-step online lease execution. Activate comprehensive price and lease term selection and self-screening capabilities when used with Yardi RENTmaximizer and Yardi Resident Screening. Complete leases online while seamlessly directing residents to set up utilities with ConnectMyUtilities’ integration.

Concierge Services
Enhance the resident experience with expanded online services through Yardi Concierge. Completely integrated with Voyager and RENTCafé, Concierge enables residents to authorize guests, set notification preferences, reserve amenities and track deliveries online.

Resident Services
Increase retention by providing in-demand, expanded services that residents expect. Available as both a responsive website and a mobile app, the resident portal allows renters to easily, securely and instantly update their profiles, view balances, make online payments and submit maintenance requests with photos and voice memos. Encourage residents to stay connected with your community through online announcements and calendar events.

ILS Data Syndication

Search Engine Marketing

Get more traffic, leads and leases with advanced online marketing services designed to drive renters to your properties.

Key Benefits

- Delivers content that appeals to both customers and search engines
- Positions your communities for maximum visibility and more leads
- Increases traffic to your website and listings
- Drives conversions by increasing relevance and engagement
- Builds brand authority and improves prospect sentiment
- Allows for flexibility informed by performance analytics
- Sends leads directly to your leasing staff’s prospect pipeline
Make your properties stand out to potential residents in today’s crowded digital marketplace. The search for rentals begins online, but how renters find vacancies often takes multiple paths. RENTCafé Reach is comprised of five distinct services—search engine optimization (SEO), pay-per-click advertising (PPC), social media posting, reputation management and promoted internet listings—that work together to ensure your communities are positioned to attract more prospects, no matter how renters choose to search.

**Search Engine Optimization**
Win more clicks in local search results with RENTCafé Reach SEO. Our SEO experts help you build authority and engagement so your properties rise to the top. After completing the initial groundwork to optimize your website—including creating content to improve the prospect experience—we continue to monitor your web presence and provide monthly analytics, adjusting your site as needed.

- Increase relevance and engagement with on- and off-page optimization tailored to your audience
- Build authority by claiming and strategically optimizing local business listings
- Track progress with transparent reports that display results

**Pay-Per-Click Advertising**
Reach more people to attract them to your communities. RENTCafé Reach PPC advertising focuses on scope, relevance and ROI. Our specialists manage your ad campaigns based on property needs and occupancy trends. Deliver relevant ad content that gets prospects to click through to your websites and take the next step. Then analyze results to continually improve your ROI.

- Increase reach by advertising on leading search engines and social platforms
- Drive targeted, high-quality traffic by delivering the right message to the right person at the right time
- Define your ROI and refine your strategy with analytics to identify top-performing campaigns

**Social Media Posting**
Transform your social media presence. RENTCafé Reach Social pairs high-quality, hyper-local content with social listening and timely, professional replies crafted by a dedicated account manager. First, we audit your social channels and provide recommendations. Then, we support your brand’s social media goals by creating, posting, monitoring and reporting on content that you approve.

- Increase brand recognition with curated, hyper-local social media content
- Grow engagement with quick responses and continuous channel monitoring
- Expand reach with boosted posts and microblogs

**Reputation Management**
Take control of your digital reputation. Participate in and guide the online conversation about your brand with RENTCafé Reach Reputation Management. An experienced account manager will monitor online reviews, proactively handle potential negative reviews, prevent damaging content and increase positive reviews to build your brand profile. Get additional insight into the prospect and resident experience.

- Monitor and respond to brand mentions online in a professional and timely manner
- Increase credibility and trust with prospects through authentic interactions that reflect the core values of your company
- Highlight and promote resident success stories

**Promoted Internet Listings**
Cast a wider net with premium listing exposure on RENTCafé.com, a powerful ILS offered exclusively to Yardi clients. Connect with renters searching for their next rental on the most efficient online apartment home marketplace. Go from lead to lease, completely online. We invest heavily in SEO and SEM on Google, Bing and other search engines to attract qualified renters and bring them to your listings.

- Reduce data entry hassle with automatic updates from your Yardi Voyager database
- Keep your pipeline full with quality leads that convert to leases at a lower cost
- Track marketing ROI more accurately with complete transparency

**Key Features**
- **Expert SEO services** tailored to your business
- **PPC advertising** based on property needs and occupancy trends
- **Social media management** with the ability to track, edit and approve posts
- **Online reputation management services** including timely and professional replies
- **Enhanced online listings with complete lead transparency**

Mobile Leasing Management

RENTCafé CRM features unlimited customized follow-ups for both prospect and resident activity. Real-time lead notifications, tracking and management reporting helps your leasing consultants identify prospects—even before they step foot on your property. Additionally, RENTCafé CRM powers your customer relationship management throughout the leasing process, continuing after the customer moves in, all the way to renewal. Make customer communications easier using the incorporated Voyager correspondence engine and professional email templates.

Instant Insights

Gain total visibility into your leasing office when you channel daily leasing and CRM activities into one integrated, transparent system. Dashboards featuring up-to-the-minute operations detail, leasing data and resident analytics—with drilldown and access to custom reports—ensure your staff provides accurate information to your prospects, applicants and residents. RENTCafé CRM also has multi-touch lead attribution tools to track your advertising sources with complete accuracy. As a result, you can capture and track every lead, make your marketing more productive and convert more prospects into residents to optimize rental revenue.

Smarter Leasing

Benefit from the workflow efficiency and competitive advantage supplied by an end-to-end tablet leasing tool. All the leasing activities and prospect and resident support you perform at your desk, you can now execute from any location—including real-time rental pricing and applicant screening with Yardi RENTmaximizer and Yardi Resident Screening.

Improved Performance

Analytic reporting on agent performance, property positioning and the effectiveness of your marketing campaigns provides timely information to better manage your leads and contacts, sign more leases and improve your team performance. With RENTCafé CRM analytics, you can turn data into actionable information that increases your ROI.

Prescriptive Analytics

Pair the analytic performance of RENTCafé CRM with the PPC advertising services of RENTCafé Reach to fix vacancy issues before they start. Use your data to predict occupancy gaps, then fill your pipeline with the right number of leads at the lowest cost to convert.

Call Automation

Improve marketing performance when you add call automation to RENTCafé CRM to track the marketing source of prospect calls. Call automation also tracks whether each call converts into a lease. This data about the performance of your marketing sources is visible in your dashboard, allowing you to better allocate your marketing budget.
Capture leads, control spend and track results. Designed to be invisible to your prospects and residents – and transparent to you – this flexible solution increases property occupancy and promotes resident satisfaction with all activity recorded directly in Yardi Voyager.

**Control Spend**

RENTCafé Connect helps you manage expenses and stay within your operating budget. This adaptable program delivers an efficient digital answering service with optional skilled agents available on demand. With the ability to turn this service on or off at your discretion, you can take advantage of live support without exceeding your budget, giving you complete control over your marketing spend.

**Maximize Marketing Dollars**

Answer the calls most likely to convert. With RENTCafé Connect, you can prioritize your leads using powerful analytics to determine your most valuable lead sources and maximize your return on investment. Gain complete control over your marketing spend with increased budget transparency. On-demand scheduling can be scaled up or down to meet the unique needs of your business.

**Retain Residents**

Provide superior service tailored to your residents to increase satisfaction and lease renewals. Because RENTCafé Connect is seamlessly integrated with Voyager, agents enter maintenance requests and credit card payments directly into your property management system in real time. Agents leverage notes and history within Voyager to offer the best customer experience when answering questions and resolving issues. No other call centre can offer that.
Our solution provides better results, better service and complete visibility. Now you can increase rental income growth while you improve occupancy.

Key Benefits

• Helps you consistently beat the market to gain maximum revenue and optimize your assets
• Includes Yardi experts dedicated to managing your pricing so you can focus on your business
• Leverages a built-in proprietary feedback loop to continuously advance algorithms, making the system smarter
• Allows you to map your pricing to your business processes and goals with a configurable system built into your Voyager platform
Better Results
Clients using RENTmaximizer have gained on average more than 6% net rental income growth while improving occupancy. And, RENTmaximizer properties consistently beat the market by a minimum of 2%. This intuitive, transparent pricing system empowers your sales force, provides clear and comprehensive reporting and promotes adoption throughout your organization. Leases are priced by the system daily, which allows for fast adjustment to market conditions and changes in your inventory and traffic, while adjusting for cost constraints such as vacancy loss, turnover, inventory hold days and lease expiration management.

Better Service
You manage your business, we manage your pricing. Only Yardi provides you with a dedicated revenue manager with valuable industry experience along with your revenue management software. Your dedicated revenue manager will get to know your business processes, assets and goals to provide superior support and will work with you to maximize your return. And as a RENTmaximizer client, you’ll receive this service and training continuously to promote ongoing success.

Yardi RENTmaximizer
Get better results with Yardi RENTmaximizer, a dynamic revenue management system built into Yardi Voyager and designed to optimize revenue by pricing leases using the balance between your real-time inventory, traffic and market conditions. RENTmaximizer provides complete visibility to see your rent movement, understand your financial and operational performance and know your market — including every comp and how you compete.

RENTmaximizer provides holistic revenue intelligence for your operations team. With this transparent system you’ll see everything from rental rates and occupancy data to property performance benchmarking (compared to the market, submarket and competition). Prospects and residents will gain various pricing options, while your managers will enjoy greater confidence that you are delivering the best possible rental prices.

Yardi Resident Screening

Yardi Resident Screening is a proven online resident screening system that delivers comprehensive reports so property managers can make smart rental decisions and minimize risk. Using the most reliable data available, our solution eliminates guesswork and provides automated recommendations tailored for your properties to help you select quality residents. The system is customizable for all multifamily property types including conventional rentals, social housing and student housing.

Key Features

• Integrated with the entire Voyager leasing cycle, including generation of lease documents
• Customizable rules automate consistent rental decisions and improve compliance
• Strategic analytics and executive reports provide insights into portfolio-wide traffic and screening activity
• Applicant ranking with Certn, based on publicly available records
• Business profile reports available as an additional service

Confident Screening

Our solution delivers a reliable screening process to provide your rental staff with clear, consistent direction that supports your business rules. Decision criteria are tailored for each property in your portfolio; so applicants will always be screened uniformly and according to your objectives.

Strategic Advantage

The screening and reporting tools included with the system enable property owners and managers to minimize risk and maximize revenue while monitoring compliant and profitable communities. Yardi Resident Screening provides a strategic advantage with management reports and analytics that shed light on your applicant traffic and performance. Experienced consultants are available to further assist in fine-tuning decision criteria to meet your goals.

Certn Advantage

Gain a competitive advantage by adding Certn® data to your screening program. With the largest risk-relevant database in the world, Certn uses data points from thousands of publicly available sources of past records to predict the future viability of a prospect. With Yardi Resident Screening, you can leverage this data to factor criminal and eviction records and applicant ranking into your resident screening decision, which will allow you to accept better quality residents.

Oversee applicant traffic, marketing spend and property performance in a single snapshot with the executive dashboard.

Easy to read, user-friendly formatting of credit reports. Automated recommendations based on your criteria help your staff work more efficiently while ensuring compliance.

Gain a competitive advantage by adding Certn® data to your screening program.

Resident Experience

Give residents single online access to consumption data, statements, maintenance and payment options with convergent billing through Yardi’s REI. By aligning utility billing with resident activity workflows in Voyager, you can automatically recover resident unit costs when residents move in.

Utility Expense Management

Reduce costs and automate payables with electronic invoice processing, metering, cost analytics and (optionally) utility bill payment. Yardi Utility Expense Management includes streamlined invoice tracking, collection and processing that greatly reduces late fees and shut off notices. Collect and access valuable utility data with payable workflows, GL coding and bill image storage in Voyager. Get reliable, high-quality utility data audited for exceptions and prospective resolution to potential issues that saves you money and helps you make business decisions.

Bill Payments

Speed up the utility payment process with Yardi’s BI Pay. Invoices are seamlessly routed through your existing approval workflows. BI Pay automatically pulls payments from your Voyager database and utilities receive payment on your choice of mailed cheque, pre-authorized debit or credit card.

Utility Benchmarking & Analytics

Access utility data from invoices and resident billing with Yardi E2 Insight to increase operating and actionable intelligence for improved decision-making. Yardi E2 Insight allows you to easily view trends and changes, create work orders from exceptions, quickly benchmark your portfolio using normalized comparisons down to the meter level, leverage budgeting features to give stakeholders visibility into asset value, and consolidate expenses, exceptions and cost recovery into one reporting platform.

Leverage our expertise and add-on services to help you meet your sustainability goals, GHG emissions and ESG reporting needs. Our team of Certified Energy Managers®, engineers and MBAs have broad experience and knowledge to identify conservation opportunities that meet your business initiatives. Add our benchmarking services to offload time-intensive ENERGY STAR benchmarking, compliance and certifications. Save even more money with detailed utility rate and tariff auditing and resolution support.
