Property Management

Leverage the most advanced Software as a Service property management platform for residential real estate with built-in accounting, real-time performance analytics and complete mobility.

Yardi Voyager Residential

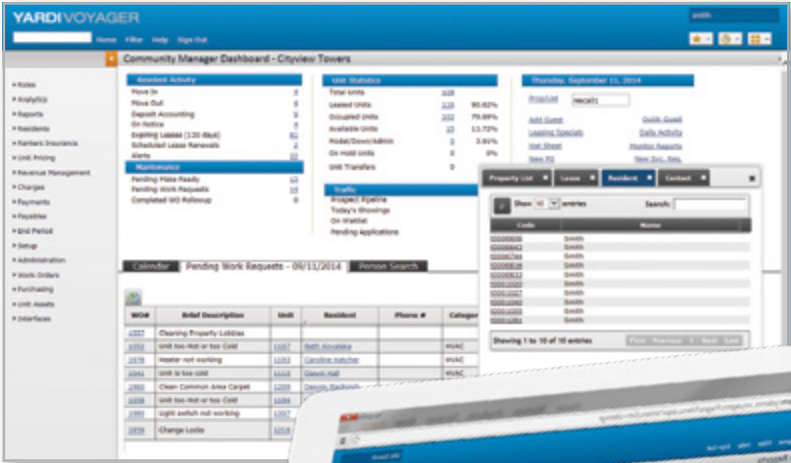

Yardi Voyager is an end-to-end platform combining financial and property management information in a single, centralized database — with mobile access to execute leasing, provide resident services, view dashboards and complete tasks from smartphones and tablets. Add products from the Yardi Multifamily Suite and take advantage of our comprehensive front office and back office tools and services for a full business multifamily real estate solution. If you have single family properties in your portfolio, add the Single Family Homes toolset to provide property setup templates, role-based dashboards with key performance indicators, automated workflows and analytic reporting for your single family properties.

Efficient Management

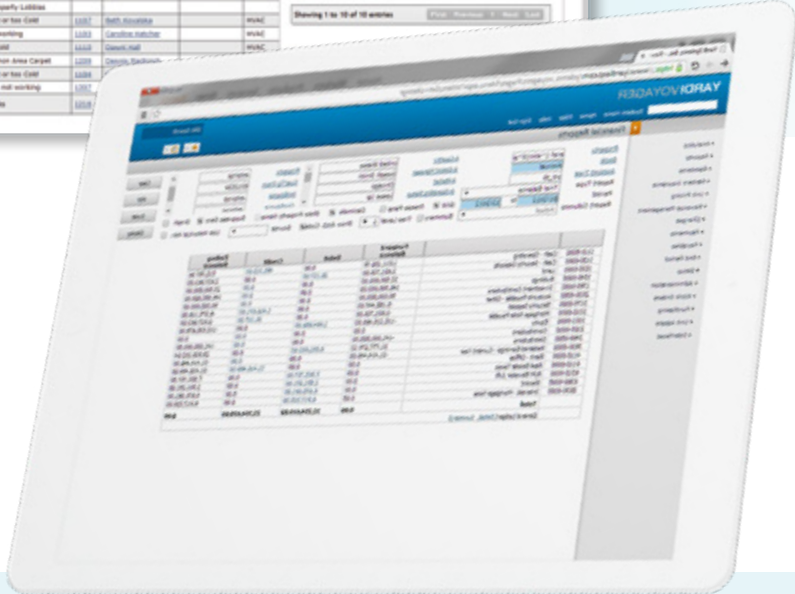

Streamlined workflows help manage cheque writing, approve work orders, process purchase orders and set up new leases, move-ins and move-outs and more. Voyager performance tables allow you to configure stored procedures to meet your individual property management requirements.

Smart Software

Voyager has smart navigation tools including a menu search box to find functions and a site search box to find account information quickly and easily. Make a favorites list of the screens you use most or use the history function to see where you've been. If you're a keyboard power user, you can set up shortcuts to your favorite screens. With Voyager, you can work on a desktop computer, laptop computer, Microsoft Surface,® Apple iPad,® Android™ tablet and all major smartphones. And because it's browser independent, you can choose the browser that works for you.

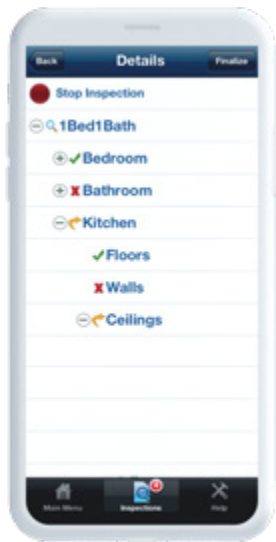

Search for residents using a pop-up window – and stay on the screen you're viewing. Search functionality works for all browsers and includes smart data entry and quick access to your favorites and search history.

Voyager provides standard performance tables that warehouse your data. You can populate these tables with stored procedures that can be run on a predetermined schedule. Analytic views include optional graphs.

Mobile Solutions

The Voyager platform provides seamless integration with our mobile apps so you can execute leasing, provide resident services and complete tasks and approvals right from your mobile device. License our suite of products for access to mobile apps including RENTCafé Resident, Yardi PayScan Mobile, Yardi Maintenance Mobile, Yardi Maintenance Manager Mobile, Yardi Inspection Mobile and more. Yardi mobile solutions are optimized for iPhone® and iPad,® BlackBerry® smartphones and Android™ smartphones and tablets.

Schedule and complete inspections from a smartphone or tablet; assigned inspections appear instantly on the inspector's device.

Extend the Voyager property management and accounting platform with integrated value-add products from the Yardi Multifamily Suite and Yardi Investment Suite. Our suites feature comprehensive marketing, leasing, maintenance management, energy management, procurement, invoice processing, payment processing, business intelligence solutions and more.

Financial Management

Yardi Voyager Residential is a complete accounting system designed to meet all applicable GAAP and IFRS requirements. The full-featured general ledger makes financial management processes efficient and responsive to unique organizational policies and procedures. With tools including multiple sets of books, general ledger allocation, recurring journal entries, segmented accounting, intercompany accounting, financial entity setup and account trees, Voyager has the accounting power to support your business.

Accounts Receivable

Voyager provides comprehensive accounts receivable functionality including resident invoicing, automatic or manual payment receipting, creation of letters and statements and back rent calculation based on different calculation types. Accounts receivable functionality is fully integrated with the general ledger, cash receipting and accounts payable in Voyager for real-time data entry with batch and quick receipts, unlimited recurring charges and late fee management with grace periods. Furthermore, Voyager manages complex rent rolls, including overages and turnover rents and tracks multiple chequing accounts.

Accounts Payable

Voyager streamlines the payables process and reduces costs by converting paper invoices into efficient electronic transactions virtually eliminating paper and mailing costs. Automated workflows create additional efficiencies as invoices are routed through the approval process through vendor payment. Voyager can generate both one-time and recurring invoices. The system can produce customizable rent statements and reconciliation letters to residents as well as generate statements in bulk for printing or sending automatically by email.

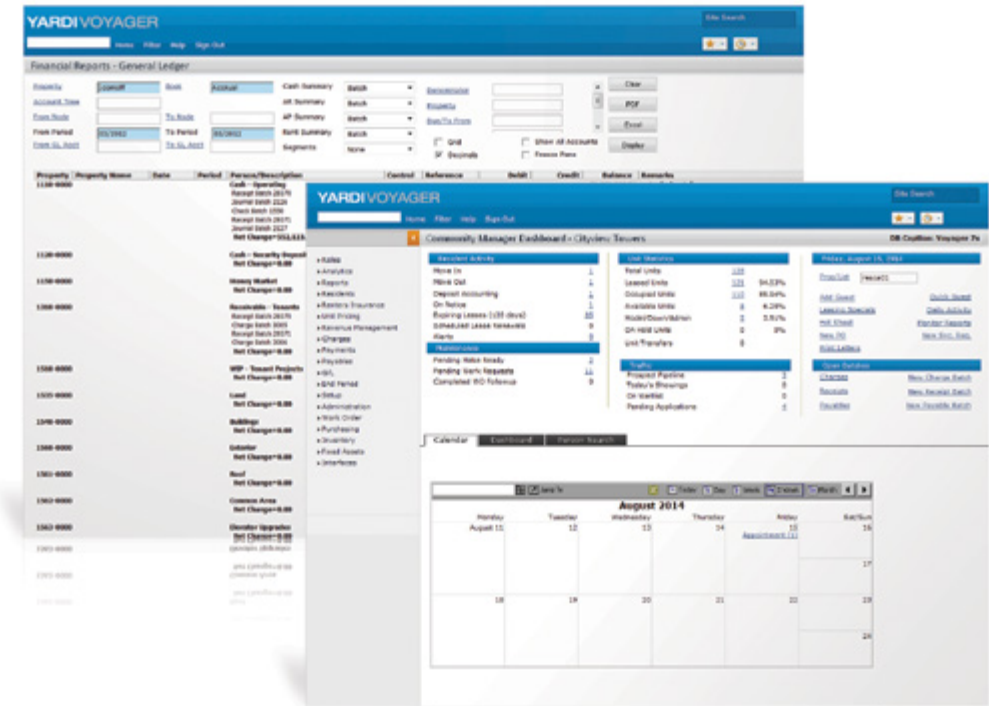

The Invoice Register Dashboard shows the status of all invoices, eliminates paper processing requirements and helps avoid bottlenecks with vendors. Data presented on the dashboard includes drilldown to vendors and payment status.

General Ledger

The powerful general ledger allows your organization to use a single chart of accounts with configurable accounting segments. The system offers standard cash and accrual books with the ability to create multiple configurable books. Users can drill down to base transactions from high-level reports.

- Distribute expenses from a source property/entity to multiple target properties/entities based on predefined allocation percentages
- Create consolidated journal entries and apply them automatically to multiple individual entities based on percentages or statistical data

Role-based dashboards display tasks that need to be completed on a daily basis. Dashboard reporting gives a complete record of financial transactions with drill-down capabilities.

Key Features

- Unlimited number of financial entities with varying fiscal years
- Recurring journal entries with formula-based calculations
- Analytic/audit dashboards for reviewing receivable, payable, and job cost transactional data
- Simultaneous cash and accrual basis accounting
- Streamlined payables process that converts paper invoices into electronic transactions
- Comprehensive budgeting tools
- Automated bank reconciliation
- Cheque writing capability with your paper stock

Search Engine Marketing

Get more traffic, leads and leases with advanced online marketing services designed to drive renters to your properties.

RENTCafé Reach

Make your properties stand out to potential residents in today's crowded digital marketplace. The search for rentals begins online, but how renters find vacancies often takes multiple paths. RENTCafé Reach is comprised of five distinct services—search engine optimization (SEO), pay-per-click advertising (PPC), social media posting, reputation management and promoted internet listings—that work together to ensure your communities are positioned to attract more prospects, no matter how renters choose to search.

Pay-Per-Click Advertising

Reach more people to attract them to your communities. RENTCafé Reach PPC advertising focuses on scope, relevance and ROI. Our specialists manage your ad campaigns based on property needs and occupancy trends. Deliver relevant ad content that gets prospects to click through to your websites and take the next step. Then analyze results to continually improve your ROI.

- Increase reach by advertising on leading search engines and social platforms
- Drive targeted, high-quality traffic by delivering the right message to the right person at the right time
- Define your ROI and refine your strategy with analytics to identify top-performing campaigns

Search Engine Optimization

Win more clicks in local search results with RENTCafé Reach SEO. Our SEO experts help you build authority and engagement so your properties rise to the top. After completing the initial groundwork to optimize your website – including creating content to improve the prospect experience – we continue to monitor your web presence and provide monthly analytics, adjusting your site as needed.

- Increase relevance and engagement with on- and off-page optimization tailored to your audience
- Build authority by claiming and strategically optimizing local business listings
- Track progress with transparent reports that display results

Social Media Posting

Transform your social media presence. RENTCafé Reach Social pairs high-quality, hyper-local content with social listening and timely, professional replies crafted by a dedicated account manager. First, we audit your social channels and provide recommendations. Then, we support your brand's social media goals by creating, posting, monitoring and reporting on content that you approve.

- Increase brand recognition with curated, hyper-local social media content
- Grow engagement with quick responses and continuous channel monitoring
- Expand reach with boosted posts and microblogs

Reputation Management

Take control of your digital reputation. Participate in and guide the online conversation about your brand with RENTCafé Reach Reputation Management. An experienced account manager will monitor online reviews, proactively handle potential negative reviews, prevent damaging content and increase positive reviews to build your brand profile. Get additional insight into the prospect and resident experience.

- Monitor and respond to brand mentions online in a professional and timely manner
- Increase credibility and trust with prospects through interactions that reflect the core values of your company
- Highlight and promote resident success stories

Promoted Internet Listings

Cast a wider net with premium listing exposure on RENTCafe.com, a powerful ILS offered exclusively to Yardi clients. Connect with renters searching for their next rental on the most efficient online apartment home marketplace. Go from lead to lease, completely online. We invest heavily in SEO and SEM on Google, Bing and other search engines to attract qualified renters and bring them to your listings.

- Reduce data entry hassle with automatic updates from your Yardi Voyager database
- Keep your pipeline full with quality leads that convert to leases at a lower cost
- Track marketing ROI more accurately with complete transparency

Stronger Together

Get found online with tools that are available separately but work well together. Integration with RENTCafé means consistency, control and transparency—for a cohesive, single-platform property marketing strategy with accurate reporting.

Key Features

- Expert SEO services tailored to your business
- PPC advertising based on property needs and occupancy trends
- Social media management with the ability to track, edit and approve posts
- Online reputation management services including timely and professional replies
- Enhanced online listings with complete lead transparency

CRM

Turn leads into leases, improve resident retention and maximize your marketing ROI with our end-to-end leasing and customer relationship management solution.

RENTCafé CRM

Our end-to-end leasing and customer relationship management solution allows you to conduct prospect and resident services from your tablet or desktop, using real-time data from Yardi Voyager. Fully integrated with Voyager, RENTCafé and RENTCafé Connect, RENTCafé CRM accesses contact, lead, lease, resident and property data and packages it in an intuitive and mobile format for your leasing consultants. It provides automated leasing and CRM activities in one integrated, transparent system so you have total visibility into your leasing office. Leasing consultants can easily step prospects through the leasing cycle from initial contact through online lease execution, as well as promptly assist residents during move-in, move-out, lease renewal and maintenance quests—without being tied to a desktop.

Mobile Leasing Management

RENTCafé CRM features unlimited customized follow-ups for both prospect and resident activity. Real-time lead notifications, tracking and management reporting helps your leasing consultants identify prospects—even before they step foot on your property. Additionally, RENTCafé CRM powers your customer relationship management throughout the leasing process, continuing after the customer moves in, all the way to renewal. Make customer communications easier using the incorporated Voyager correspondence engine and professional email templates.

Instant Insights

Gain total visibility into your leasing office when you channel daily leasing and CRM activities into one integrated, transparent system. Dashboards featuring up-to-the-minute operations details, leasing data and residential analytics—with drilldown and access to custom reports—ensure your staff provides accurate information to your prospects, applicants and residents. RENTCafé CRM also has multi-touch lead attribution tools to track your advertising sources with complete accuracy. As a result, you can capture and track every lead, make your advertising more productive and convert more prospects into residents to optimize rental revenue.

Smarter Leasing

Benefit from the workflow efficiency and competitive advantage supplied by an end-to-end tablet leasing tool. All the leasing activities and prospect and resident support you perform at your desk, you can now execute from any location—including real-time rental pricing and applicant screening with Yardi RENTmaximizer and Yardi Resident Screening.

Improved Performance

Analytic reporting on agent performance, property positioning and the effectiveness of your marketing campaigns provides timely information to better manage your leads and contacts, sign more leases and improve your team's performance. With RENTCafé CRM analytics, you can turn data into actionable information that increases your ROI.

Prescriptive Analytics

Pair the analytic performance of RENTCafé CRM with the PPC advertising services of RENTCafé Reach to fix vacancy issues before they start. Use your data to predict occupancy gaps, then fill your pipeline with the right number of leads at the lowest cost to convert.

Call Automation

Improve marketing performance when you add call automation to RENTCafé CRM to track the marketing source of prospect calls. Call automation also tracks whether each call converts into a lease. This data about the performance of your marketing sources is visible in your dashboard, allowing you to better allocate your marketing budget.

Key Features

- Automated notifications ensure every lead is serviced with unlimited, customized follow-ups
- Instant access to real-time unit availability and lead transfer to sister properties
- Accurate reporting on marketing spend, employee performance, traffic patterns and more
- Operations and leasing dashboards with data from Voyager
- Real-time lead identification, evaluation, tracking and management

Revenue Management

Our solution provides better results, better service and complete visibility. Now you can increase rental income growth while you improve occupancy.

Yardi RENTmaximizer

Get better results with Yardi RENTmaximizer, a dynamic revenue management system built into Yardi Voyager and designed to optimize revenue by pricing leases using the balance between your real-time inventory, traffic and market conditions. RENTmaximizer provides complete visibility to see your rent movement, understand your financial and operational performance and know your market — including every comp and how you compete.

RENTmaximizer allows for fast adjustment to market conditions and changes in your inventory and traffic — while adjusting for cost constraints such as vacancy loss, turnover costs, inventory hold days and lease expiration management.

Complete Visibility

RENTmaximizer provides holistic revenue intelligence for your operations team. With this transparent system you'll see everything from rental rates and occupancy data to property performance benchmarking (compared to the market, submarket and competition). Prospects and residents will gain various pricing options, while your managers will enjoy greater confidence that you are delivering the best possible rental prices.

Better Results

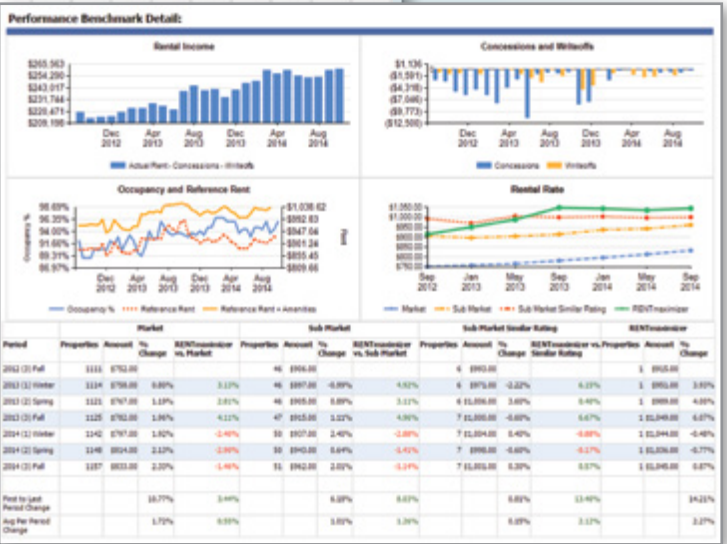

Clients using RENTmaximizer have gained on average more than 6% net rental income growth while improving occupancy. And, RENTmaximizer properties consistently beat the market by a minimum of 2%. This intuitive, transparent pricing system empowers your sales force, provides clear and comprehensive reporting and promotes adoption throughout your organization. Leases are priced by the system daily, which allows for fast adjustment to market conditions and changes in your inventory and traffic, while adjusting for cost constraints such as vacancy loss, turnover costs, inventory hold days and lease expiration management.

Better Service

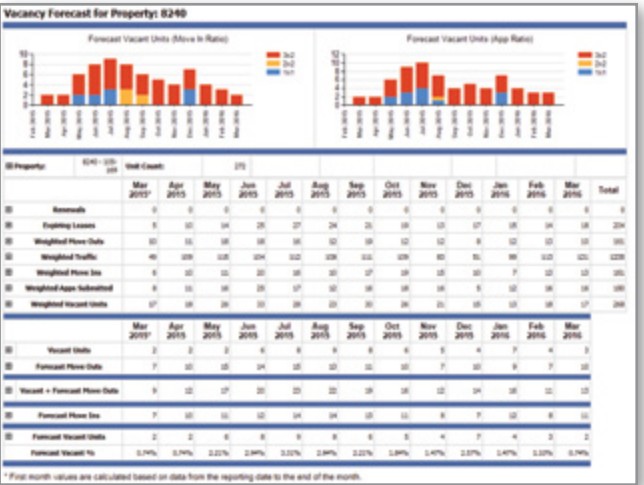

You manage your business, we manage your pricing. Only Yardi provides you with a dedicated revenue manager with valuable industry experience along with your revenue management software. Your dedicated revenue manager will get to know your business processes, assets and goals to provide superior support and will work with you to maximize your returns. And as a RENTmaximizer client, you'll receive this service and training continuously to promote ongoing success.

Historical information and other metrics help you manage and forecast lease expirations.

Clear and comprehensive metrics focus on all operational components that drive revenue including rental income, concessions, occupancy and rental rate, not just pricing. The Performance Benchmark Detail report allows you to view data across several months.

RENTmaximizer provides total visibility into your vacancy forecast.

Key Features

- Gives stakeholders holistic and granular views into utility data in one single platform

Yardi Energy Suite

Choose a single solution for energy management built into Yardi Voyager for streamlined processes, better decision making and reduced operating expenses — without data transfer or integration issues. Consolidate utility data for visibility and reporting with your existing Voyager workflows while giving residents access to one portal. The Yardi Energy Suite includes solutions for submetering and billing, utility payable processing and data capture, and analytics for sustainability and benchmarking.

Utility Billing

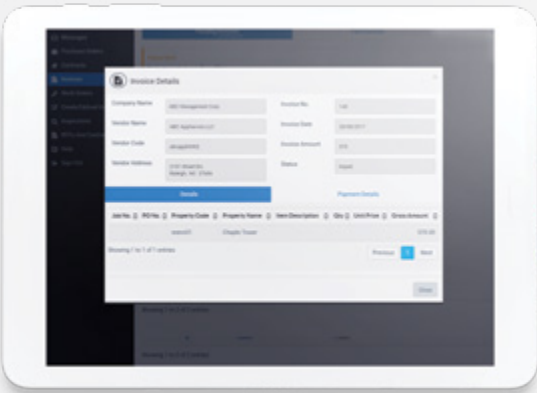

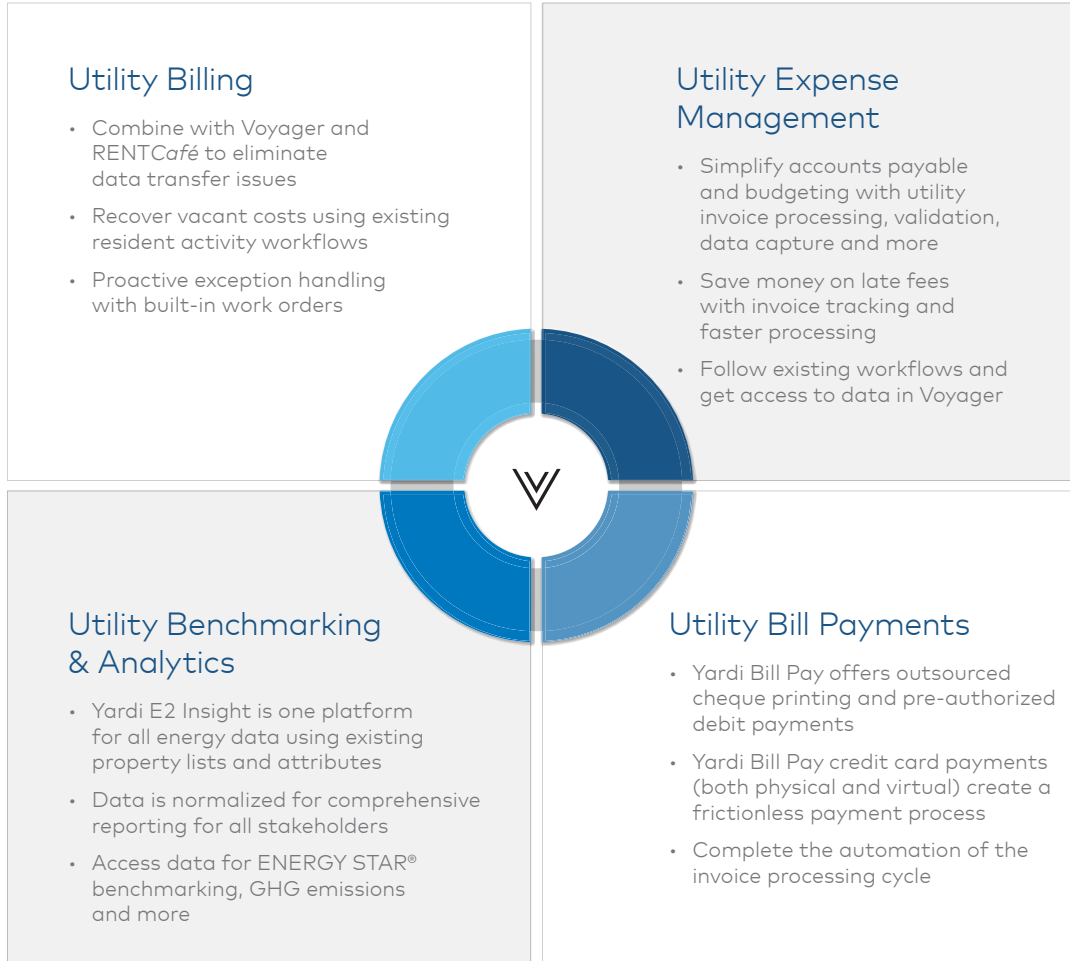

Use Yardi Utility Billing to maximize utility cost recovery in Yardi Voyager without interfaces, transfer or manual data entry. Leverage accurate allocations and 24/7 live resident support to increase operational efficiency while maximizing cash flow. Find the right solution for your buildings among multiple submetering and billing options with support from our regulatory staff.

Submeter Management

Reduce costs and promote conservation by charging residents for their exact and accurate consumption with submeters, meter reading and exception alerts visible in Voyager. We provide professional turnkey installation and project management for new construction and retrofit installations and ongoing system maintenance by our in-house network of experienced technicians.

Resident Experience

Give residents single online access to consumption data, statements, maintenance and payment options with convergent billing through RENTCafé. By aligning utility billing with resident activity workflows in Voyager, you can automatically recover final bills when residents move out and monitor vacant unit costs when residents move in.

Utility Expense Management

Reduce costs and automate payables with electronic invoice processing, billing validations, vacant use analysis, utility consumption, cost analytics and (optionally) utility bill payment. Yardi Utility Expense Management includes streamlined invoice tracking, collection and processing that greatly reduces late fees and shut-off notices. Collect and access valuable utility data with payable workflows, GL coding and bill image storage in Voyager. Get reliable, high-quality utility data audited for exceptions and proactive resolution to potential issues that saves you money and helps you make business decisions.

Bill Payments

Speed up the utility payment process with Yardi Bill Pay. Invoices are seamlessly routed through your existing approval workflows. Bill Pay automatically pulls payments from your Voyager database and utilities receive payment via your choice of mailed cheque, pre-authorized debit or credit card.

Utility Benchmarking & Analytics

Access utility data from invoices and resident billing in a single dashboard for analytics reporting and actionable intelligence for improved decision-making. Yardi E2 Insight allows you to easily view trends and changes, create work orders from exceptions, quickly benchmark your portfolio using normalized comparisons down to the meter level, leverage budgeting features to give stakeholders visibility into asset value, and consolidate expenses, exceptions and cost recovery into one reporting platform.

Leverage our expertise and add-on services to help you meet your sustainability goals, GHG emissions and ESG reporting needs. Our team of Certified Energy Managers®, engineers and MBAs have broad experience and knowledge to identify conservation opportunities that meet your business initiatives. Add our benchmarking services to offload time-intensive ENERGY STAR reporting, compliance and certifications. Save even more money with detailed utility rate and tariff auditing and resolution support.

Go paperless and reduce manual tasks with an end-to-end Procure to Pay solution. Gain real-time visibility into budgets and cash, increase efficiency with online catalogues and manage and pay vendors more effectively.

Yardi Procure to Pay

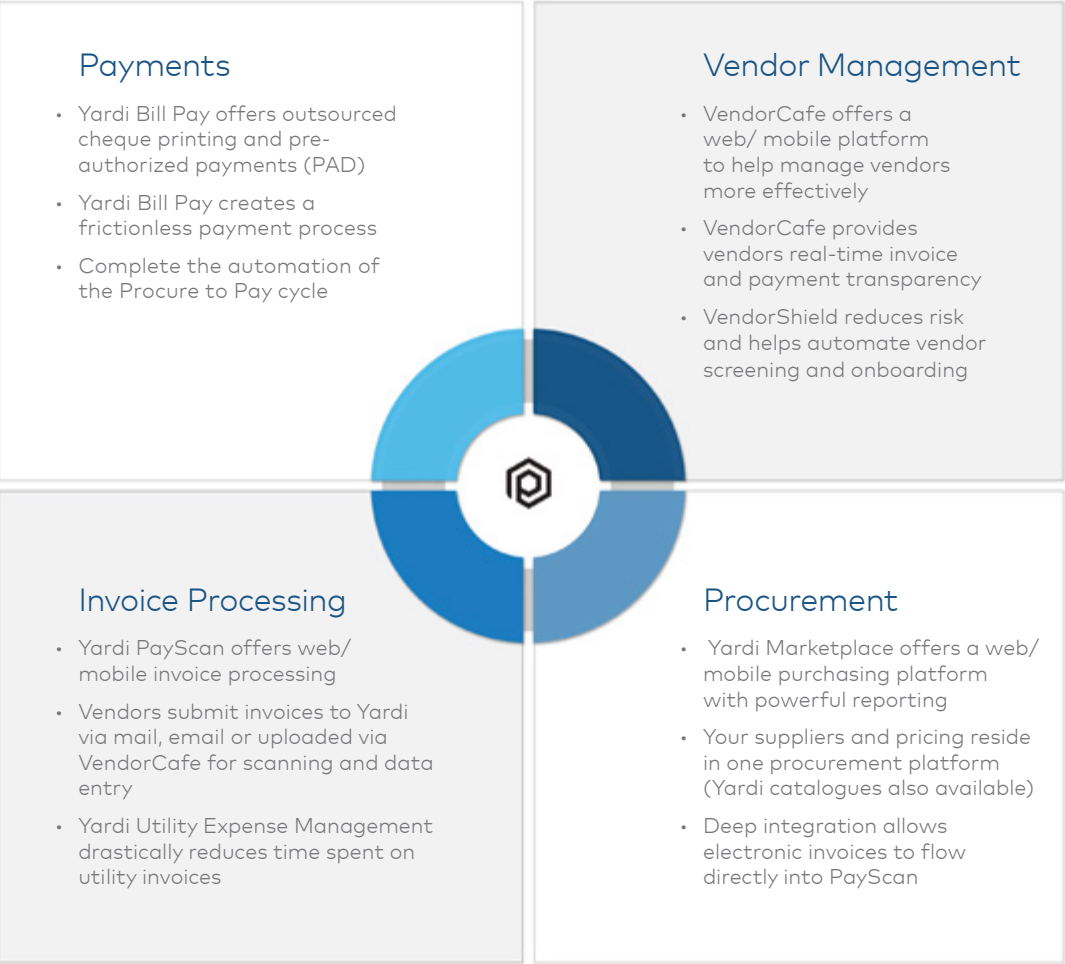

Gain efficiency and productivity across the Procure to Pay process while attaining real-time transparency into your budgets and cash flow. The end-to-end Yardi Procure to Pay platform includes powerful vendor management tools, flexible purchasing catalogues, electronic processing and approvals for purchase orders and invoices, and seamless outsourced vendor payments.

Paperless Invoice Processing

Yardi PayScan is a paperless, mobile-enabled invoice workflow platform that provides a 360-degree view of transactions from cheque to payable to invoice to purchase order, work order, job or contract. In addition, all budget and cash data is available in real-time. Use powerful analytics to drive continuous improvement across your procure to pay process.

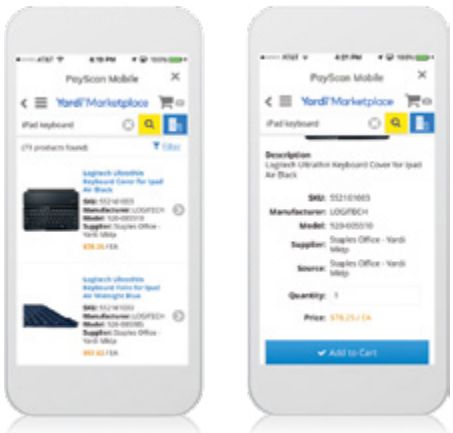

Full-Service Invoice Processing

Reduce costs and increase efficiency even further with Yardi PayScan Full Service or Yardi PayScan Email Processing. With Full Service, Yardi provides a dedicated PO Box and email address for vendors to submit invoices by mail or electronically. With Invoice Processing, vendors email the invoice directly to Yardi and we enter the data into Voyager for you. All invoices show in Voyager as invoice registers, ready for you to review, approve and process as payables.

Online Procurement

Yardi Marketplace is an online and mobile MRO shopping platform. Manage suppliers and leverage contracted pricing in one platform with off-the-shelf supplier relationships and catalogues, or create your own online catalogues. Yardi Marketplace works seamlessly with PayScan to process invoices and purchase orders electronically. Get insightful reporting that gives you full control of your organization's procurement activity.

Vendor Management

Empower your vendors to manage their business with you through the VendorCafe online and mobile portal. Vendors can submit invoices and view invoice status, payment details, purchase orders and work orders in real time. Invoices submitted electronically through VendorCafe import immediately into PayScan. VendorShield automates credential verification and simplifies management of certificates of insurance, service contracts and other documents.

Simplified Bill Payments

Speed up the vendor payment process with Yardi Bill Pay. Invoices are seamlessly routed through your approval workflows. Bill Pay automatically pulls payments from your Voyager database and fulfills them based on how you pay each vendor. Vendors receive payment via your choice of mailed cheques or PAD.

Online Learning

Create a personalized learning experience that maximizes knowledge retention and job satisfaction.

Yardi Aspire

Get more value from your training budget. Yardi Aspire eclipses traditional staff training programs with on-demand digital content designed to improve job performance, reduce staff turnover and eliminate outdated teaching methods.

Remove Barriers to Learning

From the moment they open the software to the moment they complete their training, the user experience needs to be seamless. That's why Yardi Aspire integrates with all the main identity providers, including YardiOne to allow employees to bypass the need to log in to learn. The personalized student dashboard, training recommendations and assignments, and customized course and event catalog target relevant competency areas that support the independent, proactive learner. Custom Learning Plans allow the employee to view their training plan and learning steps unlock automatically as prerequisite steps are completed.

Automate User Management

Save time and avoid input errors with automated data transfers. Yardi Aspire supports data transfer to and from third-party learning management, talent management and HR systems. Administrators can set up automated, regularly-scheduled data transfers that streamline employee onboarding, reduce training administrative costs and ensure accurate reporting by consolidating students' comprehensive training activities.

Customize Your Catalog

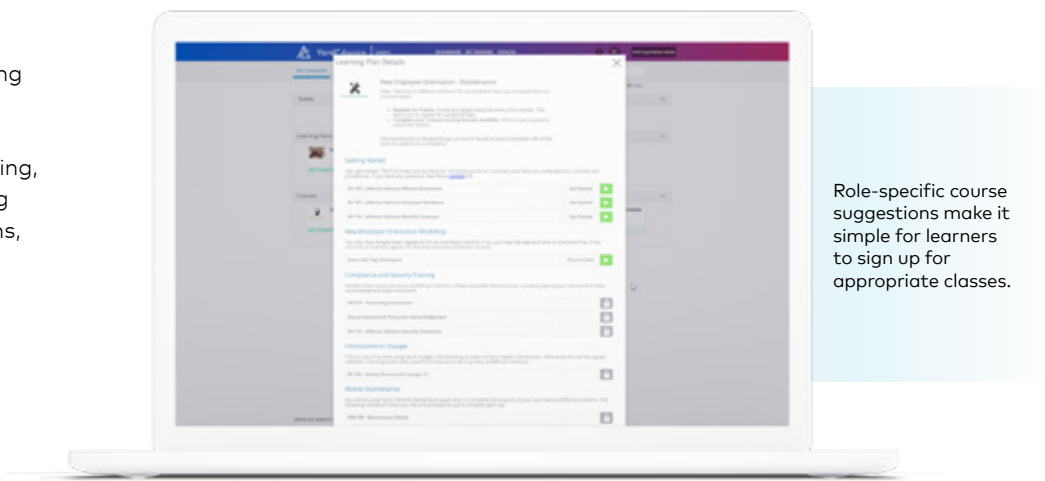

Yardi Aspire users have unlimited access to over 1,100 engaging elearning courses that provide variety of immersive software training across the Yardi product suites. Yardi Aspire Plus and Yardi Aspire Premier clients benefit from hundreds of courses in compliance, safety, leadership, leasing, professional development and more. All courses promote active learning with multimedia, animations, branching, hot spots, software simulations, virtual reality and interactions incorporated throughout. Clients can customize the courses using in-platform authoring tools to incorporate important company policies, procedures and custom messaging.

Craft Learning Plans by Role or Competency

Yardi Aspire's learning plan feature is a quick, strategic way to communicate what self-paced courses, events, tests, eSign documents and surveys must be completed for a specific training program to be considered completed. Control the order and assignment timing, plus completion due dates within each plan. Yardi Aspire offers nearly 100 role-based learning plan templates and mini-certification templates that can be used as is or customized to fit your organization's needs.

Make Live Events More Effective

Gain centralized management tools for classroom, webinar and in-person events. Trainers can schedule single or recurring events, interface with integrated web conference and meeting tools such as Zoom, Webex™, Adobe® and Citrix® to import actual attendance data into your Yardi Aspire reporting. Extend your training program by importing free, Yardi-taught software training webinars on a variety of Yardi products. Integration helps trainers eliminate costly data entry errors, organize their calendar of events, manage attendance and report on student attendance. Yardi Aspire makes it easy to distribute training materials and set up pre- and post-event surveys to measure effectiveness of live events.

Role-specific course suggestions make it simple for learners to sign up for appropriate classes.

Organize Employee Resources

Make it easy for Yardi Aspire users to find exactly what they need to make training more successful and their everyday work more efficient. Yardi Aspire administrators can use searchable and securable resource containers to curate relevant content from many different sources and deliver it to specific groups of users who need it most. Yardi Resource templates are available to quickly set up a rapid learning library of Yardi software training videos and quick reference sheets on a variety of Yardi product topics.

Sign Documents Digitally

eSign is a time-saving and paperless feature built into your Yardi Aspire university that allows you to upload your organization's PDFs and build a digital library of documents that can be signed electronically to acknowledge policy statements or certify completion of goals and tasks. With eSign, users can insert custom signature files, select from included templates or create one from scratch on a tablet. eSign also has text fields which enable users to insert comments into the form. Eliminate the need to download, print, sign, scan, upload or email forms. Get it all done online quickly and with a convenient, digital audit trail.

Collect Employee Input

Create custom surveys and assess response data without leaving Yardi Aspire. Gain faster access to survey responses and analyze data easier by avoiding import/export from third-party survey software. Collect company-wide feedback by sending surveys via platform email or in a resource container. Gain learner input by including surveys in your courses courses and learning plans. Insert surveys in event descriptions to gauge registrant's learning goals, experience level and dietary restrictions. Schedule surveys to send automatically after live events to elevate instructor performance, training effectiveness and class feedback.

Use SCORM Courses In Yardi Aspire

Yardi Aspire supports SCORM courses created in other authoring platforms, or those purchased from third-party vendors. Upload your external SCORM courses as a page within a course and issue it as a step in a learning plan. Customize the SCORM-based course using Yardi Aspire authoring tools to add custom pages that embellish the off-the-shelf content with your organization's unique twist, like custom procedures, policies, tests, eSign documents and assignments before and after the SCORM course. Customizing SCORM content has never been so easy.
