

# YARDI SENIOR LIVING SUITE

## Power your LPC or CCRC with a single connected solution

Create a foundation for success with an integrated senior living management solution. Whether your life plan community (LPC) or your continuing care retirement community (CCRC) is For-Profit, Non-Profit or Not-for-Profit, the Yardi Senior Living Suite equips you to unify operations, grow your occupancy and deliver quality care

## Explore the Yardi Senior Living Suite

Not every software solution is efficient. To meet the unique demands of your communities, you need a full suite of tools that are mobile, intuitive and efficient. Our single connected solution checks every box by uniting life plan community management, finance, marketing, business intelligence, resident care and more on a single platform.

- ✓ Lower your total operating cost
- ✓ Eliminate duplicate data entry
- ✓ Automate workflows and reporting
- ✓ Enable a seamless transfer of information between operational divisions

## Unlock functionality built for LPCs and CCRCs

Help community residents age in place as they progress through multiple lines of service including independent living, assisted living, memory care and skilled nursing.

Ensure consistency and accuracy with centralized resident profiles, starting at the prospect stage. Eliminate siloed data and the need to re-enter information during move-ins and care-level transfers.

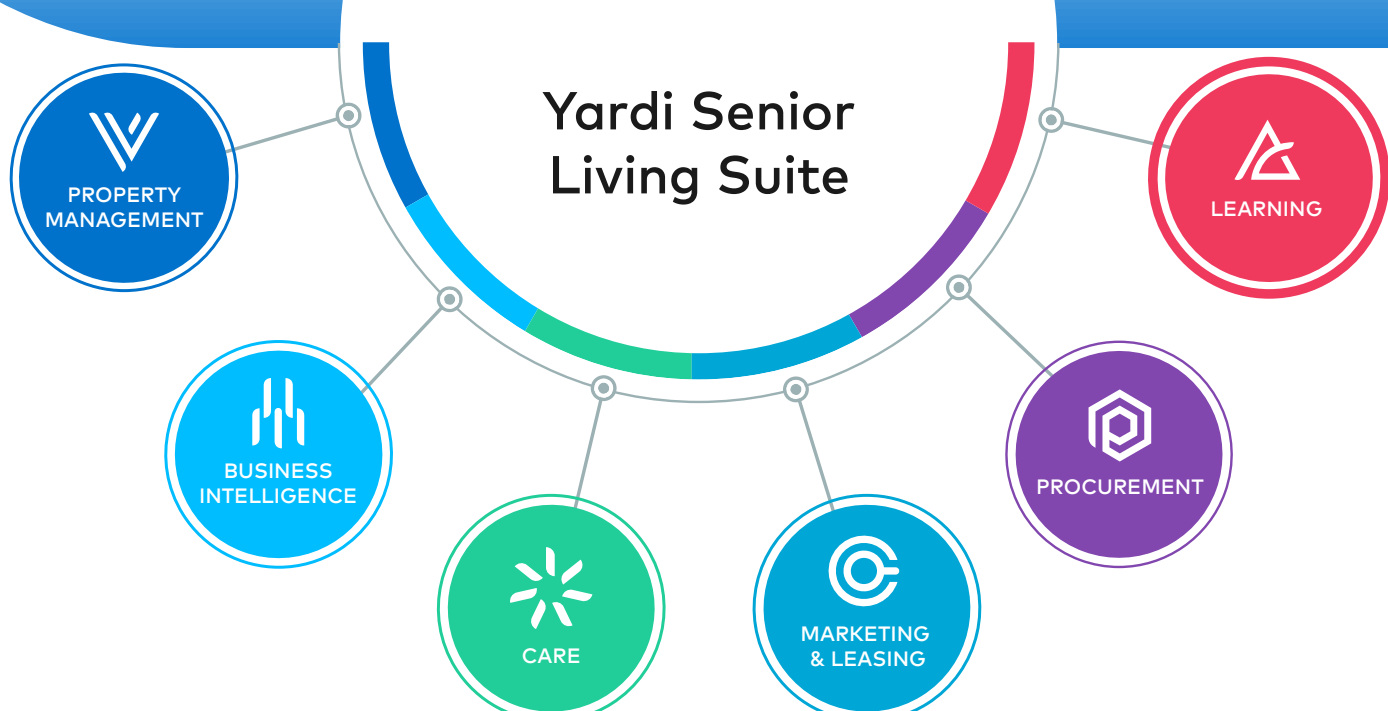

Provide a continuum of care — at varying levels — on a permanent or temporary basis as resident needs change. Streamline pre-move-in and ongoing assessments, the clinical intake process, medication management, incident tracking and behavior management across all care levels.

Help residents live their best lives with care level-specific wellness and engagement tools.

Maximize financial reconciliations with a built-in general ledger accounting system that offers real-time reporting and transaction-level drilldowns.

Track entrance fees and streamline the monthly amortization process for A, B and C contracts.

Customize and scale your software build to fit the unique requirements of your communities. Start with Voyager Senior Housing, the cornerstone product required, then add additional solutions across the Yardi Senior Living Suite to meet your needs.

**Voyager Senior Housing**  
Unify your business with an all-in-one solution for resident billing and census, accounts payable and more

**EHR**  
Keep health records error-free and enhance care with a full-service electronic health record solution.
