

ENERGY BENCHMARKING

Meet benchmarking and reporting needs

Leverage utility invoice data from Pulse Invoice Processing to meet compliance regulations for ESG platforms such as ENERGY STAR®.

SAVE TIME

Eliminate time-consuming manual effort as we complete data entry for your submission.

GAIN ACCURACY

Ensure accurate, timely submissions.

IMPROVE BENCHMARKING

Stay on top of performance and consolidate information from multiple sources into one intuitive platform.

FEATURES

PULSE ENERGY BENCHMARKING

ROBUST DASHBOARDS

Get detailed insights into how properties rank over time.

SUBMISSION SUPPORT

Use our support on a one-time or annual submission basis.

COMPLETE ENERGY STAR® SOLUTION

Avoid fines for non-compliance and let us do the work for you, setting up links with vendors and completing data entry as required.

GRESB REPORTING

Use our report templates to format your energy data appropriately for GRESB submissions.

COMPLETE ENERGY SOLUTION

Leverage all products in the Pulse Suite to implement a consolidated energy strategy across your portfolio.
