

RentCafe®

RENTCAFE SUITE

Exceed expectations with one platform for marketing, leasing & resident services

Get more from your marketing with a software suite that helps you manage the entire renter journey, from customer acquisition and online leasing to resident retention.

Developed to meet the specific needs of residential assets, including build-to-rent, student, co-living, corporate and short-term rental. You can realise the best value for your marketing spend with integrated products that are proven to drive leads, leases and renewals.

ATTRACT PROSPECTS

Stand out online, appeal to prospective residents and win more renters with websites that attract and convert.

CONVERT LEADS

Turn leads into leases with better customer relationship management tools.

RETAIN RESIDENTS

Create a positive resident experience with technology that keeps you connected.

FEATURES

RENTCAFE SUITE

RENTCAFE

Stand out with user-friendly websites that appeal to people and search engines. Enjoy fast page speeds, self-service features and increased accessibility.

RENTCAFE CRM FLEX

Gain complete visibility into your leasing operations. Manage the prospect, applicant and resident lifecycle in one place for multiple lease types.

RENTCafé RESIDENT

Make renting more convenient with a highly rated, brandable resident app for payments, maintenance requests, notifications and more.

PAYMENT PROCESSING

Increase convenience for applicants and residents while saving time and minimising risk. Automate direct debit and standing order set-up in conjunction with Stripe or Worldpay.

NEVER MISS AN OPPORTUNITY

Unite all marketing processes on a single platform for complete transparency while ensuring the best experience for your customers and your team.

Extend your platform to manage the entire residential lifecycle with a single connected solution. Yardi's Residential Suite includes property management and accounting, procurement, facility and construction management and investor relations.
