

Yardi® Elevate

## RETAIL MANAGER

---

Drive retail leasing performance and improve customer experience

Leverage automated data analysis in a solution designed for retail operators to better manage existing leases and attract new prospects. Automate key retail metrics and leasing activities and evaluate current and future occupancy with floor plan graphics.

### IMPROVE DEAL OVERSIGHT

Gain real-time visibility into deals, leases, occupancy and vacancy. Use side-by-side comparisons of active proposals, speculative leases and budgets.

### ENHANCE CUSTOMER SATISFACTION

Increase retention rates and improve customer experience by managing master leases and assigning relationship ownership.

### EXPAND LEASING

Maximise revenue with short-term licensing agreements such as ATMs, kiosks and pop-ups.

## RETAIL MANAGER

---

### INTERACTIVE FLOOR PLANS

Analyse current and future occupancy with floor plans configured for key performance indicators and tenant information.

### AUTOMATED WORKFLOWS

Shorten leasing cycles with automated workflows and approvals tailored to your needs.

### PROPOSAL CREATION

Automate lease proposals based on deal information. Create license agreements and proposal documents.

### SPECIALTY LEASING

Streamline short-term lease agreements. Visualise leasing reservation diagrams by property, short-term lease and agreement types.

### RELATIONSHIP MANAGEMENT

Visualise customer relationships to match prospects and spaces more efficiently and simplify the entire leasing process.

### SINGLE CONNECTED SOLUTION

Manage all prospect, tenant and property information from a centralised solution integrated with Yardi Voyager, Yardi Elevate and more.

Leverage the complete Yardi Elevate Suite to gain in-depth operational data, streamline revenue and expense forecasting and enhance portfolio management.
