Yardi Voyager®

YARDI SOFTWARE AS A SERVICE

Focus more on core business operations by letting us manage your IT network

Adopt new applications faster, reduce system costs and ensure full business continuity.

REDUCE COST

Eliminate the expense and burden of purchasing and managing IT applications and networks.

ENHANCE COMPETITIVENESS

Get up and running fast on our latest platforms with best practice-based deployment.

ENSURE COMPLIANCE

Protect your business with SSAE 18-compliant hosting services including regular backups, weekly server maintenance and enhanced data center security.
YARDI SOFTWARE AS A SERVICE

OPTIMIZED PLATFORM

Maximize your software's value with seamless upgrades, a preconfigured setup and 24/7 accessibility.

MULTIPLE OPTIONS

Choose from three secure database deployments: SaaS, with a shared application; SaaS Select, with your own application installation; or Private Cloud, which includes a dedicated virtual server, database and application installation.

GUARANTEED CONTINUITY

Rest easy knowing that your data is protected by regular backups, around-the-clock server monitoring, seismically braced server racks and other physical security measures.

AWARD-WINNING PROVIDER

Benefit from the experience of a six-time Forbes Cloud 100 company.
