Resident Link™

Powered by Fraud Protection Network®

Help your residents build and protect their credit

Yardi helps property managers offer residents a path to building better credit and greater peace of mind with total identity theft protection.

Benefits for residents

Most residents work hard to pay their rent on time, which is typically their largest single monthly payment, and they deserve credit for that. Resident-Link from Fraud Protection Network is an industry leader in building resident credit. The program includes:

- On-time rent payment reporting
- Identity theft alert system
- ID verification alerts
- Change of address monitoring
- Discounted credit report and score
- Lost wallet protection
- Social security monitoring
- Public record monitoring
- Personal recovery assistance
- Positive credit alerts
- Total service guarantee
- Experian and tri-bureau monitoring available
- Equifax, TransUnion and full Experian credit reports along with credit score

Benefits for property managers

Fraud protection is one of the best amenities you can offer your residents. When your residents enroll with Resident-Link, you needn't worry about program administration and there are no set-up fees, Resident-Link takes care of that for you and provides your residents with superior customer support.

Why do residents need identity theft protection?

Identity theft impacts 5 out of 10 Americans, and the average credit score in the multifamily core demographic averages just 625. Resident-Link includes credit building and monitoring along with fraud protection in one unique product.
